HOME EDITION

Vol. 77, No. 202 | The Associated Press, International News Service, United Press, The Brush-Moore State Wire | MARION, OHIO, MONDAY, JULY 26, 1954 | 22 PAGES | 5c Single Copy | 30c Weekly by Carrier

NAVY DOWNS TWO CHINESE PLANES

Reds Offer Apology for Attack on Airliner

NATIONAL GUARD TAKES OVER. An Alabama National Guardsman examines gambling machine spare parts and records seized in raids on 20 gambling establishments and underworld hangouts in "fear-ridden" Phenix City, which was ordered placed under martial law by Gov. Gordon Persons. The town has been the scene of unrest and terror since the assassination last month of Attorney General nominee Albert L. Patterson, who had promised in his primary campaign to "clean it up."

Claim They Thought Ship Was Chiang's

Unprecedented Step Taken in Answering Protests by British

TOKYO (AP) — Communist China apologized to Britain today for shooting down a British airliner over the south China Sea Friday with an apparent loss of 10 lives, including three Americans.

A Peiping radio broadcast heard here said Red patrol planes thought the transport was Chinese Nationalist. It expressed a willingness to consider paying damages.

The apology — virtually unprecedented since the Red regime took over the Chinese mainland—was in a note to British Charge d'Affaires Humphrey Trevelyan from Chang Han-fun, Red Chinese vice minister for foreign affairs.

Reply to Protest

The conciliatory note, a reply to a British protest, seemed to tie in with Peiping's current line of propaganda aimed at getting a United Nations seat at the expense of the Nationalists, by wooing Britain and France and denouncing the United States.

Later in the same broadcast, the Red radio told of recently shooting down a "U.S.-made Kuomintang (Nationalist) plane over Chekiang province."

"If the U.S. imperialists order the Chiang brigands to send any more planes in provocative action against us we will shoot them down as we have done before," it added.

Text of the note, broadcast by Peiping, said shooting down of the Cathay Pacific Airlines Skymaster over Hainan Island was "entirely accidental" and an "unfortunate incident."

Charges Intent To Kill

"They shot us down with the intention of killing us," Capt. Philip Brown, pilot of the airliner, told newsmen in Hong Kong.

Britain protested the shooting Saturday night and U.S. Secretary of State John Foster Dulles charged the airliner was "deliberately shot down." Two American aircraft carriers, the Hornet and the Philippine Sea, were ordered to the scene to protect the continuing search for the nine missing persons. Eight survivors were rescued.

(Turn to APOLOGY, Page 3)

RESCUE AT SEA. A U.S. Air Force SA-16 crew was credited Friday with saving eight survivors of the British airliner which had been shot down in Communist waters by two planes identified as Communist MIG fighters.

UPPER: Eight survivors from a downed British Cathay Pacific Airways Skymaster paddle their life raft (right) toward a U.S. Air Force rescue plane off Communist-held Hainan island in South China Sea. Two other persons from the airliner, which the British say was shot down by two MIG fighter planes, were saved. The plane carried 18 persons, 6 of them Americans.

LOWER LEFT: The eight survivors, three of them Americans, have U.S. Air Force Capt. Jack T. Woodyard of Washington, D.C., to thank for their rescue. The heroic captain set down his SA-16 amphibian plane in the dangerously rough waters of the China Sea only 100 yards from the Communist held island of Hainan to make the rescue.

LOWER RIGHT: Philip Blown, pilot of the British Skymaster airliner shot down in the South China Sea, sits up in a Hong Kong hospital as he tells how fighter planes attacked his aircraft off the Red-held island of Hainan.

Carrier Search Crews Destroy Pair of Fighters

WASHINGTON (AP) — Two U. S. carrier planes shot down two Red Chinese fighters which jumped them as they were searching over the weekend for survivors of the British airliner downed by the Communists on Friday.

The State Department announced the incident today with a denunciation of "Chinese Communist brutality" in attempting to interfere with a humanitarian rescue.

In a quick follow-up, Adm. Felix Stump, commander-in-chief of the Pacific Fleet, told a news conference U. S. fliers are under instructions to be "quick on the trigger" if a hostile pass is made at them.

Stump said the policy is this:

"If any U. S. plane is attacked or approached with obvious hostile intent, it will fire back. In other words, you don't have to wait and get your head blown off to shoot back."

In Congress, there were prompt expressions of support for the action of the U. S. airmen.

House Speaker Martin (R-Mass) said: "If the Chinese Reds attack rescue ships on the high seas, there was no other alternative for the U. S. planes but to shoot back. We must let them know that we are ready to protect all of our rights."

Senate Hears News

The incident was announced to the Senate by Sen. Knowland of California, the Republican floor leader, and Sen. H. Alexander Smith (R-NJ), a foreign relations committee member.

It brought swift expressions of anger against the Reds and bipartisan appeals for unity.

Sen. Lyndon B. Johnson of Texas, the Senate Democratic leader, said: "Regardless of the details, the fact still remains that the Chinese Communists are shooting at our men. There can be no partisanship or divided loyalties on such an issue."

Sen. Neely (D-WVA) said the news "should have a sobering, a reuniting effect on every American worthy of the name. . . . It means that Communist China has made another warlike attack on the United States."

Adm. Stump identified the carriers which were sent to the rescue areas as the Philippine Sea and the Hornet.

Details Not Given

He would not give details as to the types of Chinese and American planes which took part in the incident.

Reporters were advised that they could expect a more detailed statement later from Secretary of Defense Wilson.

Stump said that orders to fight back if attacked have been traditionaly throughout U. S. history "in peace or war."

The admiral said the American planes were "well without the territorial limits" of Red China when the attack took place. There was some discussion over whether these limits were three or 12 miles off shore.

Stump commented, "The three-mile limit is very well recognized although some claim different territorial limits."

However, he did not say just how far off shore the U. S. planes were flying at the time of the attack.

4 Carriers in Area

Stump, whose headquarters are at Pearl Harbor, disclosed that there are four U. S. carriers in the Southeast Asia area. In addition he named the Boxer and the Tarawa, soon to be replaced by the Yorktown.

Asked whether he thought this force was "strong enough to take care of itself' under any eventuality, the admiral said, "I think so."

First word of the latest incident came from the State Department.

A department announcement said there were no casualties on the American side, and emphasized that the Red planes made their attack "over the high seas."

It said:

"The United States plan to pro-

Knowland Rebuffed

Bid To Cut Debate On Atom Bill Fails

WASHINGTON (AP)—The Senate today beat down a determined effort by Republican leaders to cut short debate on the atomic energy bill.

On a roll call vote, a motion by GOP Leader Knowland of California to invoke cloture—restricting all future debate to one hour for each senator—received the support of 44 senators while 42 opposed. It would have required a two-thirds vote of the full senate, or 64 "ayes," to put the motion over.

'Had No Illusions'

In advance of the vote, Knowland told the Senate he had "no illusions" about a chance to win, and warned of "even more drastic" steps possible if he doesn't.

"If there was ever a time when cloture was in order," he said, "in my judgment this is the time." He gave no hint as to what these "drastic" steps might be.

Before the Senate met, Knowland had conferred at the White House with President Eisenhower and told reporters afterward that "there will be no surrender" in the efforts to pass the administration bill.

He said the President and Republican congressional leaders agreed also that the delays in the Senate should not be permitted to block the administration's legislative program "even if it requires that Congress continue in session several additional weeks."

May Try Again

Knowland indicated to reporters that he might make a second try later for cloture.

He said some senators have told him they would not vote for a cloture today, but might change their minds "because of the extreme obstructionism" if the marathon debate continues.

He said he was determined "we are going to continue in session day and night until we vote on the amendments and the bill" and that President Eisenhower has approved that course.

The California senator talked with newsmen after he and other GOP leaders met with Eisenhower at the regular Monday morning

Rhee's Arrival Heralds Study Of Asian Policy

South Korea Leader, U.S. Officials Discuss Far East Defense Pact

WASHINGTON (AP) — A White House gathering of military advisers in advance of a visit from Syngman Rhee today heralded a series of conferences expected to have an important bearing on U.S. policy in the Communist-troubled Far East.

Rhee, President of South Korea, was due in Washington late today. He begins talks with President Eisenhower and other U.S. officials tomorrow.

Several hours ahead of Rhee's arrival, Eisenhower summoned to a luncheon meeting Secretary of Defense Wilson and Adm. Arthur Radford, chairman of the Joint Chiefs of Staff. Also invited was retired Gen. James A. Van Fleet, recently returned from a survey of military assistance needs in the Far East.

The meeting followed closely announcement of tentative plans for a conference in August or September of Western and Asian nations on formation of a Southeast Asia defensive alliance.

From the views of the three advisers the President can assemble the individual strategic and supply requirement problems of Japan, Korea, Formosa and the Philippines and start patterning them to those foreseen for the nations on

Fire Destroys 3 Sandusky Bulk Station Tanks

Gulf Oil Co. Storage Plant Hit by Blast; Three Hospitalized

SANDUSKY, Ohio (AP)—Three 15,000-gallon gasoline storage tanks blew up early today with a blast that rocked the entire south end of town and knocked many persons out of bed.

The explosion and fire at a wholesale bulk station of the Gulf Oil Co. sent three persons to a hospital, one in critical condition.

Firemen played water on three other tanks in an effort to prevent them from exploding.

Dense clouds of smoke floated over the city and paint on homes a half block away was blistered.

Police declared a state of emergency in the area—near the New York Central Railroad depot—and several dozen families were evacuated.

Firemen however, said the blaze was under control.

Two of the injured were John Baker, 26, and Elizabeth Barbour, 30. They were believed to live in

Vietminh Army Surges Beyond Armistice Line

Communist General Pledges 'Liberation' For All of Viet Nam

SAIGON, Indochina (AP)—Vietminh forces stabbed southward in Viet Nam over the weekend, striking far below the dividing line set in the imminent cease-fire.

The new attack, 180 miles northeast of Saigon, came as Peiping radio trumpeted a pledge by Red Vietminh chief Ho Chi Minh to "liberate" the lower half of the partitioned Indochina state.

In North Viet Nam, which formally passes into Vietminh hands tomorrow under the Geneva agreement, the French got ready to evacuate up to one million civilians and fighting men. The giant operation is set to begin Wednesday.

Attack Began Saturday

A French high command spokesman said the rebel attack in the South began Saturday. He said the Vietminh struck at Nha Trang, on the China Sea coast. Rebel commandos sabotaged several bridges in Nha Trang after Vietminh artillery had bombarded the coastal town's defenses.

The rebels also attacked French and Vietnamese positions at Qui Nhon, 100 miles north of Nha Trang, and struck at Tuy Hoa, midway between the two towns.

Other Vietminh forces brought pressure on Cheo Reo, a post 60 miles southwest of Qui Nhon on central Viet Nam's plateau. Gen. Paul Ely, French commander in chief in Indochina, warned the rebels to stop or face mass air retaliation.

Display of Strength

The stepup of fighting in the South, just as the cease-fire is about to go into effect, appeared based on a Vietminh desire to show their strength to communities which will not be under their control.

Peiping radio has broadcast statements by both Ho and Vietminh Gen. Vo Nguyen Giap to the effect that South Viet Nam was only temporarily in French hands, regardless of the cease-fire.

Fire Destroys Two Barns on Farm in County

Two barns containing corn, hay, farm machinery and a 1953 truck burned to the ground Sunday afternoon on the James Clingenpeel farm on Marion County Road 161 in Richland Township. Loss was estimated at about $25,000.

Cardington's volunteer fire department answered the call at 3:20 p.m. after the owner of the farm discovered the barns in flames.

Firemen said apparently the fire started in one barn, perhaps from a short circuit in the wiring, and spread to the second barn which was nearby.

The barns, one 30 by 50 and the other 40 by 30 feet, were almost total losses by the time Cardington firemen arrived at the scene.

State highway patrolmen from the Marion post were on duty to direct traffic during the blaze.

Board To Make Plans For Filling School Post

Members of the Marion City school board planned to meet today to begin the task of selecting a new superintendent of schools to succeed Lester L. Dickey, who resigned Saturday.

Board members planned to discuss the mechanics for choosing a new superintendent, Board President Charles Harmon said.

Dickey has accepted the superintendent's post in Hamilton but will remain in Marion until the board names a replacement. He signed a five-year contract at Hamilton for $12,500 a year, about $3,000 a year more than he was receiving here.

U.S. Convinced French Made No Secret Deal

Dulles Believes EDC Not Jeopardized by Indochina Cease Fire

WASHINGTON (AP)—U.S. officials apparently are convinced that French Premier Pierre Mendes-France did not buy peace in Indochina through secret deals with the Communists to kill off the European Defense Community or to recognize Red China.

Secretary of State Dulles is reported to be hopeful that the French Premier will bring the controversial EDC project—providing for German rearmament — up for an Assembly vote in three or four weeks. Dulles also is said to believe Mendes-France will make a determined effort to get it through in some workable form.

No Commitments

As for Red China, French officials have told American leaders that Mendes-France did not make any recognition commitments or even discuss the subject with Chinese Foreign Minister Chou En-lai in Geneva. The French attitude on recognition was authoritatively described as waiting to see how the Red Chinese carry out the Indochina armistice.

It seems clear that France probably will recognize Red China eventually if the Chinese live up to their commitments with good faith. In that event, this will help produce a showdown on Red Chinese membership in the United Nations. The United States backs the Nationalist regime of Chiang Kai-shek.

Proposes Conference

Russia struck what the Kremlin considers to be a death blow at EDC Saturday in a follow-up to the Geneva conference. It was in part an attempt to trade on any good will won by the Indochina peace agreement in order to advance Red objectives in Europe.

Soviet Foreign Minister V. M. Molotov handed notes to American, British and French diplomats in Moscow proposing a great international conference to create a European security system. The conference should be held in the next ew months, the note said, with

Gunmen Rob Ohio Bank, Get $14,000

CAMBRIDGE, Ohio (AP) — Two gunmen held up a bank at nearby Cumberland today and are believed to have taken about $14,000, the Guernsey County sheriff reported.

The sheriff said he received a phone call from a cashier who cried, "Come quick. They got me."

Wheat Allotment Down 1,319 Acres

Wheat growers in Marion County have been allotted 19,713 acres for 1955, Frank Montgomery, chairman of the county Agricultural Stabilization and Conservation Committee, announced today.

The allottment is 1,319 acres less than the 21,032 acres for the present season. Wheat acreage across the county was cut for the coming season, due to growing wheat surpluses.

A total of 55 million acres have been allotted for 1955, compared to 62 million this year. Kansas has the largest allottment for 1955 with 10,496,070 acres while Ohio has an allottment of 1,598,860.

Marvin Tewalt Dies

Motorcycle Crash Takes Life of Local Serviceman

An 18-year-old Marion serviceman, Pfc. Marvin Dale Tewalt, died Sunday afternoon in a Covington, Ky., hospital from injuries suffered in a motorcycle accident Saturday morning near Florence, Ky., on U. S. Route 42.

Marion relatives, including his wife of two months, the former Beverly Beveridge, were notified of the accident shortly before 1 p.m. Saturday, about two hours after it occurred.

It was thought that Pfc. Tewalt was en route to Marion on leave from a unit at Camp Campbell, Ky.

Kentucky authorities told his family that he was coming down a hill, approaching a curve, when the kick stand of his motorcycle apparently came down, making it impossible for him to negotiate the curve.

The motorcycle ran off the road and struck a tree, throwing Tewalt into a fence. The motorcycle was hurled several hundred feet into a nearby field.

A farmer called an ambulance and Pfc. Tewalt was taken to St. Elizabeth's Hospital in Covington.

Emergency surgery was performed Sunday morning. Pfc. Tewalt sustained head injuries, fractures of both hips and the pelvic bone, and internal injuries.

PFC. MARVIN TEWALT

Investigator Reports:

Statements of Technician And Dr. Sheppard Differ

LOS ANGELES (AP) — There are inconsistencies between statements of a pretty young medical technician here and a statement by Dr. Samuel H. Sheppard, Cleveland osteopath whose wife Marilyn was bludgeoned to death three weeks ago in the Ohio city, an investigator reported last night.

"Suffice it to say," said Thomas Parrino, assistant prosecutor of Cuyahoga (Cleveland) County, "that some of the things which she (Miss Susan Hayes, 23) told us are not consistent with testimony given by Dr. Sheppard regarding their association.

"What she told us changes the picture in some respects," he declared. "These changes are rather important, and I am sending the information to the Cleveland police."

The official did not elaborate.

Parrino and Homicide Detective Robert F. Schottke came here from Cleveland to talk with persons who had seen Dr. Sheppard during his trip here last March.

Dr. Sheppard and Miss Hayes both have said that during that time he had replaced a watch she had lost. And she told local Dist. Atty. E. Ernest Roll that the osteopath had taken her and another couple to a wedding of friends at San Diego.

Both Dr. Sheppard and Miss Hayes, who knew the osteopath and his wife when the medical

Marion Boy, 8, Slightly Hurt in Traffic Mishap

An eight-year-old Marion boy was slightly injured in one of 10 minor traffic accidents reported today by city police. The state highway patrol reported two accidents on county roads over the weekend.

Hurt in the city accident was Jack Moderwell of 217 Bain Ave. He received a bump on his head when his bike and automobile collided in front of 187 E. Columbia St. at 6:55 p.m. Saturday. The driver of the car was Floyd R. Williams, 46, of near Marion. Jack required no hospital treatment for his injury.

Five of the remaining accidents in the city involved less than $100 damage and one of them was the result of the actions of a three-year-old boy. It happened in front of 682 Darius St. at 12:57 p.m. Saturday when Douglas Moore — left alone in the family car for a few minutes by his father, Glenn W. Moore of 588 Universal Ave. — grabbed the gear shift lever pulling it out of gear and allowing the car to coast forward into another parked car. Owner of the parked car, which was slightly damaged, was Herbert D. Rice of the Darius St. address.

Three cars were involved in a collision at W. Center St. and the C and O Railroad at 7:15 p.m. Saturday. They were driven by Carl R. Clendenen, 40, of 847 Wilson Ave., Jay C. Gilbert, 33, of 541 Pearl St. and Arthur H. Cripple, 35, of Gebhardt St.

A car owned by Patrick Sales of 343 Commercial St. and parked in front of his residence was damaged when struck by a city-owned farm tractor at 9:25 p.m. Saturday. The tractor was being used to mow grass in the lawn between the street and sidewalk and was driven by Charles Flanders, 71, of 529 W. Columbia St.

Another car parked in front of 845 Merkle Ave. at 1:26 a.m. Sunday and owned by James Turner of that address was struck by a car driven by Max E. Kaebler, 18, of 208 Pennsylvania Ave.

Only other collision in the city involved cars driven by Victor G. Croman, 37, of 246 W. Columbia St. and Earl S. Scherer, 54, of 274 S. High St. It occurred at 4:31 p.m. Saturday at Union St. and an alley intersection.

2 Accidents in County

A one-car accident and a hit-skip mishap were reported over the weekend in Marion County by state patrolmen from the Marion post. Both happened Saturday.

At 7:10 p.m., a car driven by Bart Clifford George, 33, of 819 Silver St. went into a ditch and tore down about 30 feet of fence. Patrolmen report George tried to avoid running into a car which had stopped in front of him and lost control of his vehicle in the process. The accident happened on State Route 4, just north of the intersection with Route 23, north of Marion.

Besides damaging the fence, George's auto tore up some flowers and struck a tree, all owned by Paul Lill of near Marion.

George was cited to appear in Municipal Court later to answer a charge of unsafe operation.

A car driven by Charles E. Packett, 19, of near Carey was damaged when struck by a hit-skip driver at 5 p.m. Saturday on U. S. Route 23, three and four-tenths miles south of the Marion city limits.

Packett was northbound. He told patrolmen a southbound car came around a curve on the wrong side of the road. Packett swerved his car into the berm, but the other car struck the left rear corner of Packett's vehicle, spinning it around and into a ditch.

Patrolmen are still investigating the accident to try to learn the identity of the other driver.

LOAN APPROVED

WASHINGTON (AP)—The Housing and Home Finance Agency announced today it will lend $450,000 to Ashland (Ohio) College for construction of a dormitory to house 139 men students.

Sun rises at 5:22 a.m. and sets at 7:53 p.m.

Power Shovel's New Giant Difficult To Visualize

Nine Lane Bowling Alley Could Be Set on Cab

The cab on the Marion Power Shovel's newest behemoth is big enough for a nine-lane bowling alley.

This impressive statistic gives some idea of the tremendous size of the new coal stripping shovel being built for the Hanna Coal Co. division of the Pittsburgh Consolidation Coal Co. It will be used to strip overburden from coal seams in southeastern Ohio.

—:—

THE NEW SHOVEL, which will be under construction for two years, will stretch 145 feet from the ground to the highest point on the boom. That's higher than any building in Marion with the exception of some of the McMillen Feed Mills storage bins.

This boom is used to support a huge dipper, which is one-third again larger than the dipper on any existing shovel. It is so big that it could scoop up enough coal in one bite to provide fuel for the average home for eight to 10 years.

But this shovel won't be used to dig coal. Its job will be to uncover the coal so smaller machines may dig it up. It will do this by removing the overburden from coal seams buried up to 120 feet deep.

As it eats its way along atop a solid seam of coal the five-million pound machine will pick up 100 tons of dirt and stone with each scoop and dump it nearly a city block away.

—:—

FOR A BETTER IDEA of the size of the dipper, think of an average one-car garage. That's the approximate size of this machine's big scoop.

Four Power Shovel machines designed to handle a 45-cubic-yard dipper are already in use in the Hanna Coal Co. fields.

Now the biggest in existence, they will yield the title "world's largest land machine" to the new shovel when it is completed. The new giant is expected to have a capacity of 60 cubic yards.

The increase in dipper size might not seem like much until you consider that everything else about the machine must be correspondingly larger to handle the additional 20-ton load in the dipper.

—:—

FOR EXAMPLE, this machine will carry a million pounds of ballast just to balance the 145-foot high boom, the dipper and its 100-ton load.

This tremendous weight will help to keep all eight of the machine's feet always on the ground. These feet are the eight crawler treads mounted in four pairs of two each.

The treads are eight feet high at their highest point, 22-feet long and 54-inches wide. One pair of them would more than fill the average one-car garage.

Each pair of these treads are supported by a huge hydraulic cylinder which serves to keep the machine on an "even-keel" at all times.

All this equipment used just to support the shovel puts the actual operating machinery well up in the air. In fact, from the ground up to the bottom of the cab is higher than the average house. It's 23 feet.

—:—

THIS WOULD MEAN quite a climb for the operators but for an innovation in power shovel design incorporated into the machine. It is an office type elevator which will raise the operators into the heart of the machine. A completely new idea, the elevator will be installed in the shovel's hollow center pin.

Comparisons by the dozens might be made to illustrate the size of the machine, but two of the most striking are the size of the pulleys at the end of the boom and the steel cables which will support the boom.

The pulleys are cast in a single piece of steel with a diameter of more than nine feet and the cables each will be bigger around than the average man's upper arm.

Why such a monster machine to scoop away dirt and stone; could not smaller machines in more numbers do the same thing?

—:—

HANNA COAL CO. officials think not. By using the big machine to get at the coal far below the surface they feel that, despite initial cost, it will mean a saving in the long run.

This is because its huge capacity and speed of operation permits the giant to operate at a low cost per ton of overburden removed. With this machine there will be no waste motion. It will scoop up the overburden and deposit it in a 145-foot pile well to the rear. With conventional sized-machines, it would be necessary to put dirt and stones into trucks or other vehicles to be carted away. All this would waste time and raise the per-unit cost of extracting the coal.

Back in the days when the Hanna Coal Co. started stripping operations near Cadiz it used a conventional size machine brought down from a Minnesota iron range.

Then, the coal seams were closer to the surface and getting rid of the overburden wasn't so much of a problem. Now, the seams are deeper and uncovering them is a major problem.

As the coal seams got deeper and deeper, Hanna officials started using bigger and bigger shovels in attempts to keep operating costs at a minimum.

Finally, working with Marion Power Shovel Co. officials and designers, they came up with the idea for a 40-cubic yard capacity shovel.

—:—

THIS HELPED, but not enough. However, the two companies working together hit on the idea of using a tougher but lighter armor-plate steel for the dippers.

With armor-plate steel, dippers of larger capacity were possible. Now Hanna is using the 49.5-cubic yard dippers on power shovel machines designed originally for 45-cubic yard dippers.

Planning for the new 60-yard machine has taken many months. New specifications were set up and blue prints for the new giant were laid out. These blueprints alone make a stack nearly two feet high.

Specifications were prepared for other manufacturers who supply parts such as electrical cable, support cables, electric motors and other components not manufactured at the local plant.

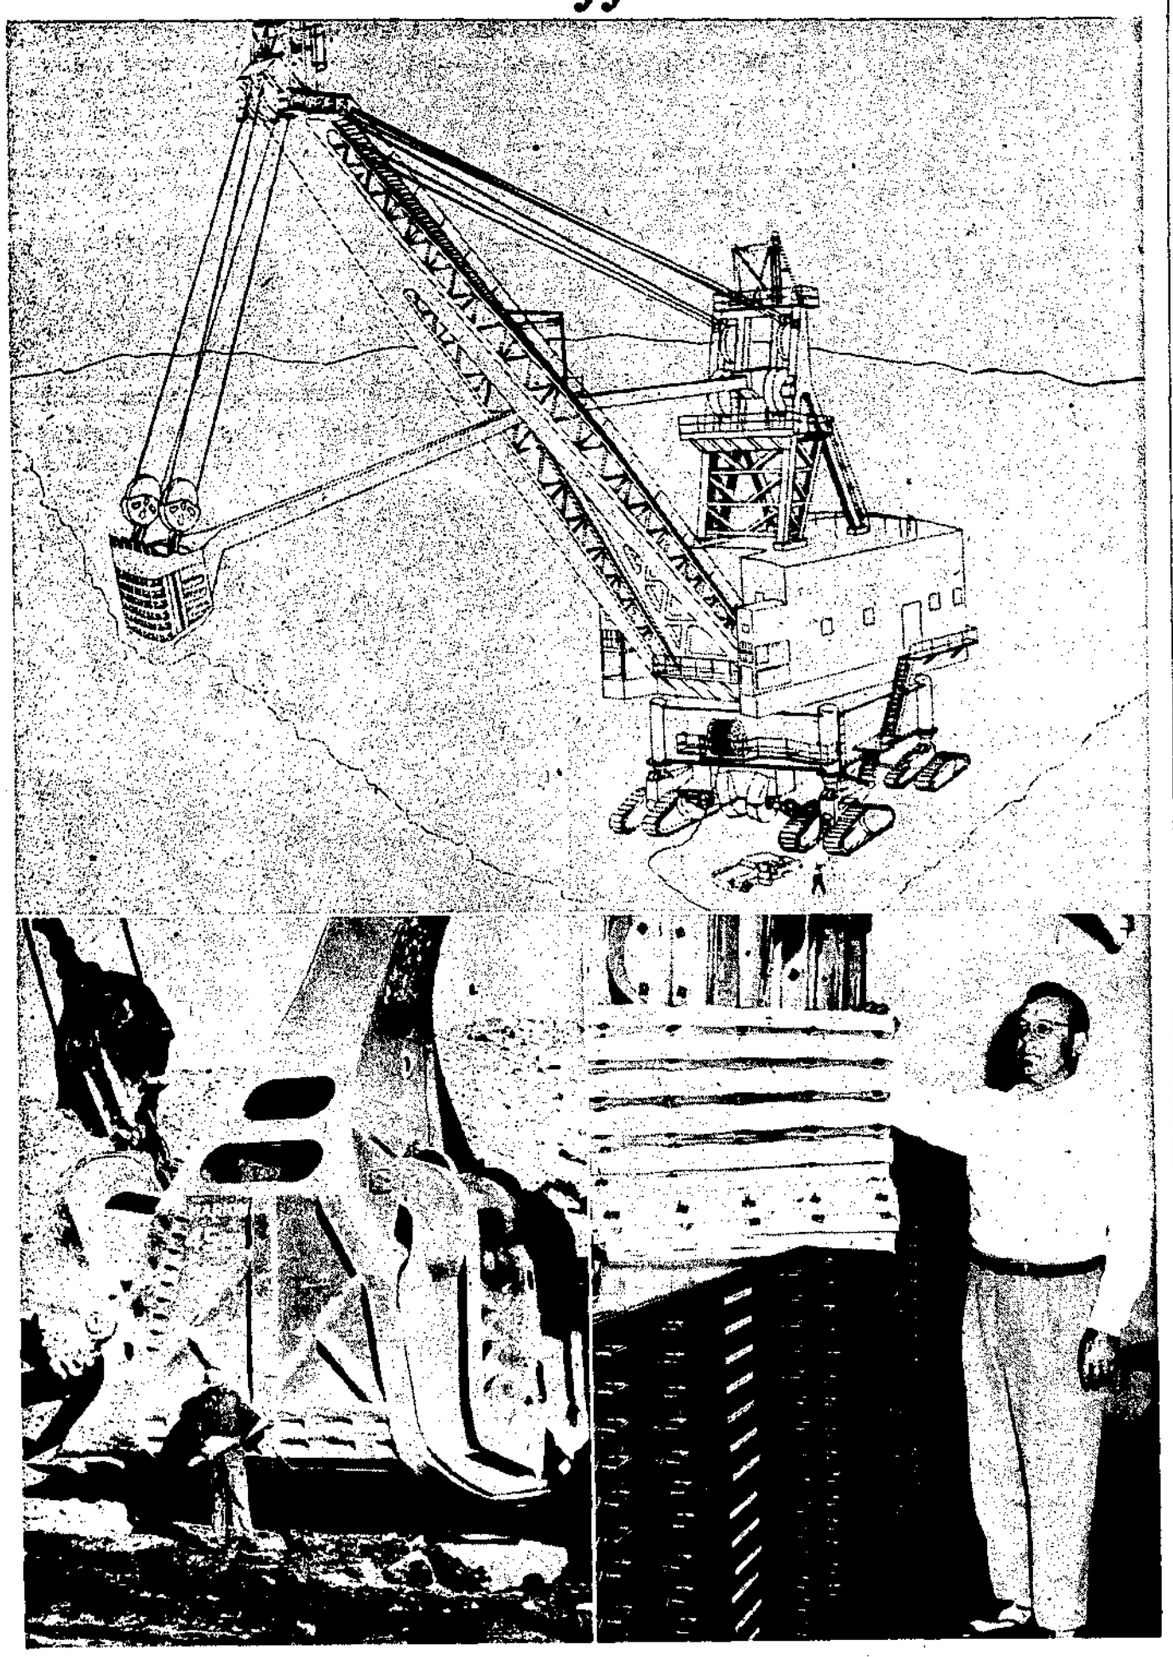
—:—

PRODUCTION schedules had to be revised so that parts for the "big one" could be manufactured at the same time parts for smaller machines were being manufactured.

There will be no huge assembly of the new shovel in the Power Shovel shops. The parts will be manufactured, then sometime next year will be shipped directly to the coal fields where expert erecting crews will put them together. Even the dipper will be sent out in three or more parts and put together on the site.

Even shipping the machine in pieces will take more than a hundred freight cars, and will require careful planning so that the parts arrive in the correct sequence.

Sometime in late fall or winter next year, the huge machine will take over its duties in the coal fields to help supply coal for use in factories over much of the nation.



COMPARATIVE SIZE OF A new coal stripping shovel being produced by the Marion Power Shovel Co. for the Hanna Coal Co. division of Pittsburgh Consolidation Coal Co. is illustrated here.

UPPER: Immensity of the new shovel, the "largest land machine in the world," is indicated in this sketch which shows scale drawings of the machine, a man and an automobile. Note the size of the automobile and man compared to the crawler treads of the huge machine.

LOWER LEFT: The dipper on the new machine is expected to be one-third again as large as the one shown here which is one of four now in use in the Hanna Coal Co. fields in southeastern Ohio. This is a 45-cubic-yard shovel. The new one is planned for 60 cubic yards.

LOWER RIGHT: Some of the work that must go into the planning of such a giant machine is illustrated here by Merle Lashey, assistant chief engineer in charge of large strip mining shovels and drag lines for MPS. He is resting his hand on a stack of blue print books drawn as the first step in the production of the machine.

Traffic Cases

Marion Municipal Judge W. Dexter Hazen levied fines and bond forfeitures totaling $430 on various traffic charges against 17 drivers Saturday.

Simeon R. Layne, 33, of Woodbine Ave. received the largest penalty. Charged with drunken driving, he was fined $100 and costs, sentenced to five days in the Marion County jail and his driver's license was suspended for three years.

Four motorists forfeited $35 bonds each when they failed to appear for hearings. They were William C. Good, 41, of London, O., speeding; Edward Lewandowski, 43, of Hamtramck, Mich., crossing over a yellow line; Willard J. Mitchell, 33, of Washington Court House, driving left of center; and Marion P. Miller, 39, of Port Clinton, reckless driving.

Other dispositions were

Speeding: Gene LeMaster, 22, of near Marion, $25 and costs; Thomas V. Henderson, of Waverly, $15 and costs; Doris Smith, 23, of Wayne, Mich., $15 and costs; Adolph Walker, 22, of White Falls, Tex., $15 and costs; Everett Gaskalla, 32, of Columbus $15 and costs; and Robert E. Schwaderer, 18, of New Bloomington, $15 and costs.

Reckless driving: Allen L. Kollar, 20, of near Sycamore, $15 and costs; John F. Mullins, 47, of Kenton, $15 and costs.

Passing in no passing zone: Jack W. Newhouse of Grand Rapids, Mich., $15 and costs; Harry V. Gracie, 42, of Allen Park, Mich., $15 and costs.

Miscellaneous: James E. Crissinger, 26, of 392 Owens St., crossing over a yellow line, $15 and costs; Howard E. Edington, 24, of 771 York St., driving left of center, $15 and costs; James R. Byrd, 26, of near Marion, failure to have assured clear distance ahead, $15 and costs; H. E. Halwager, 29, of Galion, no muffler, $15 and costs; Bert Perry, 31, of near Wellington, improper passing, $15 and costs, suspended; Bradley Blankenship, 20 of Bucyrus, stop sign violation, $15 and costs; Pearl W. Laird, 32, costs, suspended; Carlton E. costs, suspended; ; Carlton E. Hecker, 22, of Prospect, following too closely, $15 and costs; Byron R. Holdcraft, 24, of near Upper Sandusky, no mud flaps, $15 and costs; and Frank Treherne, 56, of Columbus, stop sign violation, $15 and costs.

District Traffic Cases

Eleven motorists were arrested on highways outside Marion County over the weekend by state highway patrolmen from the Marion post. Nine were taken before Mayor Don Healea of Cardington where they were fined for their offenses.

Those motorists, the charge, and amount of fine follow:

Robert E. Crain, 26, of Tulsa, Okla., speeding, $15 and costs; Juanita Mussig of Cleveland, crossing a yellow line, $15 and costs; Roy L. Adams, 37, of Cleveland, crossing a yellow line, $15 and costs; James E. Applequist, 28, of Schenectady, N. Y., crossing a yellow line, $15 and costs; James H. Kelly Jr., 27, of Mansfield, passing at an intersection, $15 and costs; Samuel S. Jones, 52, of Canton, passing at an intersection, $25 and costs; William H. Johnson, 46, of Urbancrest, passing without assured clear distance, $15 and costs; Emmett Metcalf, 38, of Polk, crossing a yellow line, $20 and costs; Frank Patchat, 56, of Kansas City, Mo., speeding, $25 and costs; and Russell W. Smith, 32, of Galion, speeding, $15 and costs.

Raymond D. Donahue, 23, of Huntington, W. Va., posted bond for his appearance Saturday before Mayor Harold Koehler of Upper Sandusky, he was charged with unsafe operation.

Veri B. Combs, 35, of Willow Run, Mich. posted bond for his appearance today in Delaware Municipal Court. He will answer a speeding charge.

Accident

(Continued From Page 1)

Jane Beveridge, daughter of Mr. and Mrs. Howard Beveridge of 548 Avondale Ave., were married May 21, 1954 in Richmond, Ind.

He entered service June 3, 1953, receiving his basic training at Ft. Campbell, Ky., where he currently was stationed in an airborne unit. He received his jump training at Ft. Benning, Ga.

Previously to entering service, Pfc. Tewalt was a member of the local National Guard unit for two years. He attended Harding High School and had been employed by Tecumseh Products Co.

Born in Marion

Born on Nov. 12, 1935 in Marion, he was a son of the late Truman W. Tewalt, and Mrs. James Stithem of 262 Summit St.

Survivors in addition to his wife and mother are two brothers, Howard F. Tewalt of 368 W. Columbia St., and Henry Tewalt of 962 Congress St., and two nephews.

Going to Covington after learning of the accident were his wife and her parents, his mother and step-father, and his brothers, along with Mrs. Henry Tewalt.

Funeral services will be conducted at 3 p.m. Wednesday at the Merle H. Hughes Mortuary by the Rev. Walter C. Eyster, pastor of Epworth Methodist Church. Burial will be in Chapel Heights Memory Gardens.

Friends may call at the funeral home after noon on Tuesday.

'Most Photographed' Indian in U.S., 73, Dies

CHEROKEE, N.C. (AP) — Carl Standingdeer, once called "America's Most Photographed Indian," was buried near here yesterday. A cluster of photographs which made Standingdeer famous draped the coffin.

Hundreds from 12 states attended the 73-year-old full-blooded Cherokee's funeral. One of Standingdeer's most famous remarks was:

"Standingdeer hasn't got much money, but Standingdeer has many friends."

Planes

(Continued From Page 1)

test most vigorously "against this further evidence of Chinese Communist brutality and their belligerent interference with a humanitarian rescue operation being conducted over the high seas."

The American fighters were from the two United States aircraft carriers ordered into the area Saturday to "protect further rescue and search operations" aircraft carriers to proceed to the scene of the Chinese Communist assault upon the British commerlaunched after Chinese Communist fighters shot down a British Cathay Pacific airliner on a flight from Bangkok to Hong Kong.

The Communist Radio announced today that the Peiping government was apologizing to Britain for the attack on the airliner. It said the Red pilots thought the plane was Chinese Nationalist.

Ten persons, including three Americans, apparently lost their lives after the airliner crashed in to the sea. Latest reports indicate eight survived.

Text of Statement

Following is the text of the State Department announcement, made in the name of Secretary Dulles and read to a news conference by Press Officer Henry Suydam:

"As I announced on Saturday, July 24, the secretary of defense has ordered two United States cial airliner which resulted in the death of three Americans and the wounding of three others.

"The mission as stated then, of these ships and their planes, was to conduct and protect further rescue and search operations in the vicinity of the tragedy.

"This government is now informed that two United States carrier-based planes of the rescue type, while conducting their missions of mercy and seeking possible survivors, were attacked over the high seas by two Chinese Communist fighter aircraft, apparently of the same type as shot down the Cathay Pacific commercial airliner.

"The United States planes returned the fire and the two Chinese Communist planes were shot down. There were no casualties on the United States side.

"The United States plans to protest most vigorously against this further evidence of Chinese Communist brutality and their belligerent interference with a humanitarian rescue operation being conducted over the high seas."

Location Not Identified

The announcement did not identify the area of the shooting. But the British airliner was shot down some 30 miles south of the Red-ruled island of Hainan.

LeonardLeeP.hioe7

Over the weekend, top American officials had made it known they would demand stiff compensation for the three Americans lost: Leonard Lee Parish, of Iowa Park, Tex., and his two sons Lawrence, 4, and Philip, 2.

His wife and daughter, Valerie, 6, also were aboard the plane but survived.

White House press secretary James C. Hagerty told newsmen President Eisenhower was "fully informed" regarding the new plane incident in advance of Dulles public announcement.

Hagerty added that Eisenhower has "kept in close touch with the entire situation"—both the shooting down of the British airliner and the shooting down of the two Chinese Communist planes.

Asked whether Eisenhower regards the matter as "truly serious" Hagerty replied:

"I am not going to comment beyond the Dulles statement."

Neighbor Tells Of Talking to Slain Woman

CLEVELAND (AP) — A neighbor testified today Mrs. Marilyn Sheppard confided to her in April or May that she learned her husband had been talking of a divorce.

Mrs. Sheppard also mentioned that her husband was "interested ina young lady in California," but that it was "all over now," the witness said.

This testimony came from Mrs. Nancy Ahern, at a coroner's inquest into the slaying of the young osteopath's wife in their Bay Village home in the early hours of Sunday July 4.

Guests of Sheppards

Mrs. Ahern and her husband were guests of the Sheppards a few hours before the slaying.

Coroner Samuel R. Gerber asked whether Mrs. Sheppard had said anything about divorce in early April, and Mrs. Ahern replied:

"Yes, she mentioned the word divorce. She said one day that Dr. Chapman told her that Dr. Sheppard had the idea of asking Mrs. Sheppard for a divorce and on the way to the ranch Dr. Chapman and he had talked it over. Dr. Sheppard came to the decision that Mrs. Sheppard was the one right for him and he was going to try to make a fresh start. Dr. Chapman told Mrs. Sheppard this and she mentioned it to me."

"Where and when was this conversation?"

Mrs. Ahern replied, "it was one of the mornings when Marilyn felt like talking to someone. She and I had not discussed personal things before. She spoke to me in confidence and said Dr. Sam was interested in a young lady in California. She said it was all over now, but it was a trying experience at the time."

Speaks of Watch

This conversation could have been in April or May, the witness said, and although Mrs. Sheppard did not mention the California woman's name, she spoke of a watch Dr. Sheppard bought for the woman.

The Sheppards made a trip to California last March, and Mrs. Sheppard was a guest part of the time at a ranch near Monterey, owned by Dr. Randall J. Chapman of Los Angeles, an osteopath.

The slain woman's husband has testified that while in Los Angeles last March he bought a watch for Miss Susan Hayes, to replace one she lost enroute to a wedding with some friends. In answer to direct questions from the coroner, he testified he had no improper relations with Miss Hayes.

Murder

(Continued From Page 1)

technician lived in Cleveland, said their friendship was only casual.

Mrs. Sheppard's skull was crushed with 25 savage blows in her Cleveland home early last July 4. Dr. Sheppard said he battled at least one of the prowlers who killed her.

The investigators arrived Saturday night from Monterey, Calif., where Mrs. Sheppard had stayed at the ranch home of Dr. Randall J. Chapman during the trip to California with her husband.

Meanwhile, in Bay Village, a Cleveland suburb, a school auditorium was readied for another session of a coroner's inquest.

Coroner Samuel H. Gerber said he may recall Dr. Samuel Sheppard along with some other witnesses who testified at an earlier hearing.

Atomic

(Continued From Page 1)

session on lawmaking problems.

Congressional leaders have been striving for adjournment by next Saturday.

Knowland said the atomic energy bill under no circumstances will be put aside until the Senate has had an opportunity to vote on it.

He said also that the Senate will be kept "in continuous session' until the bill and its amendments have been voted upon.

Blasts 'Wilful Minority'

"We are not going to permit an overwhelming majority of the Senate to be deprived of its right to vote by a wilful minority who, by their clear obstructionist tactics, are attempting to block the orderly legislative process," he said.

Knowland said that when action on the atomic energy bill has been completed the Senate will then turn to action on legislation dealing with foreign aid, farm problems and Social Security.

Knowland left the meeting a bit early to return to Capitol Hill for the 10 a. m., EDT, Senate session. The Senate was resuming debate at that hour on the administrations atomic energy bill which touched off the marathon sessions.

The talkfest was interrupted over Sunday, but indications were it would resume today.

Report to Ike

Knowland said he and the other leaders gave Eisenhower a complete report on the legislative situation and added:

"The President fully concurs in a decision of the Legislative leadership—both Republicans and Democrats—that the Filibuster must not be allowed to block the legislative program, even if it requires that Congress continue in session several additional weeks to do it. there will be no surrender on this issue."

Knowland's statement still left unanswered some other questions:

Would the score or so of opposing Democrats, aided by Senators Morse (Ind-Ore) and Langer (R-ND), continue the wordy fight when, in the words of Sen. Gore (D-Tenn), "I now doubt that we can win?"

The House tentatively okayed the bill Saturday. All that remained was the formality of roll calls.

Heroic French Nurse Arrives On 19-Day Tour

NEW YORK (AP) —The heroic French nurse of Dien Bien Phu arrived at Idlewild Airport today as the guest of the United States.

Lt. Genevieve de Galard-Terraube landed at 8:52 a.m. EDT.

The 29-year-old French air force nurse flew from Paris for a series of receptions in a 19-day tour of the country.

In New York today she will have a Broadway ticker tape parade and a reception at City Hall. Columbia University will award her a silver medallion for heroism.

Tomorrow she goes to Washington for another round of ceremonies, and Friday leaves on a tour that will take her to Cleveland, Chicago and San Francisco.

Before leaving Paris, she told newsmen she wanted no publicity on her trip, would appear on television as little as possible and planned to give no lectures.

She was invited by Congress to make the trip to the United States.

During the Middle Ages, fur was used principally in male rather than in female garments.

Foundations

By George Sokolsky

It is not generally discussed but one of the reasons for the proliferation of foundations is the tax structure of our country. Many businesses, whose development cost blood, sweat and tears — to use a phrase — would have to go out of existence or be educed by the sale of valuable properties, to meet inheritance taxes. To protect the continuity of the property, it is advantageous to give it to a foundation, the heirs working for a salary. They would not be better off if they continued to own the otherwise dissipated property.

SOKOLSKY

Also, when a man has worked hard, used his skill and ingenuity to a maximum, accumulated a property which he cannot hand over to his heirs, he sets up a foundation during his life-time and uses his surplus for what he believes are good works.

When we think of foundations, the names Rockefeller, Carnegie, and Ford come to mind. These were set up by men who are now dead.

The Sloan - Kettering Foundation, which is doing so much in cancer research, has been set up by men who are alive.

-:-

ALTOGETHER there are between 6,999 and 7,000 foundations in the United States, of varying dimensions, with capital resources of 7.5 billion dollars and with annual grants amounting to at least 300 million dollars to a number of causes. The reason the figures are estimates is that all the facts about foundations are now known.

Two committees of Congress started investigations into the nature and operations of foundations with unsatisfactory results. The Cox committee died on the vine when its chairman, Eugene Cox, became ill and passed on; the Reece committee, headed by Representative Carroll Reece, became involved in extraneous matters and its report is still awaited.

The Reece committee set out to do four things:

1. To secure a full understanding of the ground covered by the Cox committee as disclosed in the hearings it held, the files it maintained, and the report it rendered.

2. To determine the dimensions of the subject to be investigated and studied, and to satisfy myself, (Norman Dodd, Director of Research) as to its contents and its probable ramifications.

3. To define the words: foundation, un - American, subversive, political, and propaganda, in the sense in which they are used in HR 217 and, if possible, dispose of their controversial connotations.

4. To familiarize myself (Norman Dodd) with the expressions of purpose customarily used in Foundation charters."

-:-

NATURALLY, in the present atmosphere in Washington, it hopped onto point 3 and bogged down on it because it became involved in hopeless controversy, particularly when a so-called expert was called upon to identify a few sentences from the "Rerum Novarum," I believe, and lacked the common sense to refuse to identify sentences taken out of context without being shown the document from which the sentences were read.

It is an old trick to read something from the Bible, the Declaration of Independence and the Constitution to support some form of radicalism. To use the "Rerum Novarum" or the "Quadragesimo Anno" to prove that a Pope supported Marxian ideas is nonsense because no encyclical of an Pope of the Roman Catholic Church ever supported Marxism.

Norman Dodd gives the following definition for "un - American and subversive:"

"Any action having as its purpose the alteration of either the principle or the form of the United States government by other than constitutional means. (This definition is derived from a study of this subject made by the Brookings Institute . . .)"

-:-

THIS DEFINITION is too narrow. Suppose an agent of a foreign government, while accepting and supporting the Constitution, penetrates into an official position, obeys all the rules and regulations, but gives to his activities a twist which harms the United States.

I will cite the Aesopian phrase, "agrarian reformers," invented by Communists to confuse the American people and to twist American policy to be favorable to the Chinese Communists.

Surely this does not involve an unconstitutional act; it is simply a lie, knowingly repeated until it is believed by important persons who can affect public opinion or public policy.

It would seem to be that no worthwhile investigation of the foundations can be made to fit inadequate definitions. If a committee of Congress wants to investigate the foundations, it should first get the facts and then evaluate them from the data, not from a set of definitions.

DUCKLINGS START LIFE ON YACHT. Like a queen, this mallard duck stands regally on deck of sailboat Vagabond at the Milwaukee, Wis., yacht club, while below are the ducklings she hatched after choosing the yacht for a nesting place. Since picking that spot around the first of June, she has been a privileged guest of owners Edward A. Purtell and Elliott Mason while eggs were hatching.

Tour of Farm Ponds Planned

Six Stops To Be Made On Wednesday Visits

Farmers in Marion County interested in the farm pond program will have an opportunity Wednesday to visit different ponds in the county to see how they are used and where they are located.

A farm pond tour sponsored by the Marion County Soil Conservation District, the Soil Conservation Service and the Agricultural Extension Service will take place Wednesday afternoon.

Those interested will meet at 1 p.m. at the intersection of State Route 739 and County Road 105 (first road west of the Marion city limits).

Ponds to be visited include those of John E. Ruth, Carl E. Reiter, C. W. Taylor, Perry Seiter and George Alber. The Marion County Children's Home will also be visited to give farmers an opportunity to see where the Conservation Service plans a site for a new pond. A pond has been proposed for the Home as part of the regular conservation plan for the farming land there.

Denver Woman 102

DENVER (AP) — On her birthday anniversary yesterday, Mrs. Louisa V. Jackson of Denver, a pipe-smoking great - great -grandmother, declared she wasn't impressed with being 102.

"My mother lived to be 111, and my grandmother 112," she scoffed.

GUEST SPEAKER

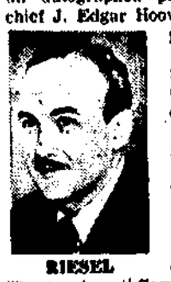
UPPER SANDUSKY — Manfred Hanke, born in Silesia, Germany, will be the guest speaker at the regular meeting of St. Paul's Lutheran Brotherhood, Wednesday evening, July 28, at 8 p.m. Mr. Hanke is now a resident of Upper Sandusky, and a member of the church and Brotherhood. At the age of 15, Mr. Hanke left his home in eastern Germany with the rest of his family when the Russians occupied that territory in 1945. They were evacuated to the vicinity of Bavaria, where his family still lives. He served with the German Labor Service attached to the U. S. Army in Europe, from December, 1950, until August, 1953 as an interpreter.

Liquidated

By Victor Riesel

PARIS

Until five minutes after 10 o'clock on the morning of July 13, an autographed picture of FBI chief J. Edgar Hoover rested in a place of honor in the office of the Paris (Seine region) chief of police, M. Jean Baylot.



RIESEL

Exactly thirty seconds later J. Edgar Hoover's picture came down. The tough anti-Communist prefect of police, America's close friend, Jean Baylot, was replaced by one Andre Louis Dubois, neutralist, named by a French government and by a new French minister of interior who dislikes the U. S., believes you can do business with the Soviets, and does not think the Communist party is much else than a curable juvenile delinquent.

There were just *five* of us in the police chief's office as I watched the changing of the guard—and what was happening in that grim headquarters on an island of the Seine seemed more significant to the U. S. than anything then occurring in Geneva.

-:-

THE GUARD WAS changing not only for France, but for us too, regardless of what was to happen later. Monsieur Baylot was the one man feared by the French Communist party. For several years he had seized seditious editions of their press. He had raided their headquarters and found treasonous documents. He had cracked down on their purely political labor demonstrations and stoppages.

Only the day before Baylot was replaced, the French Communist party's politburo had had a secret session addressed by its boss, Jacques Duclos, who is briefed regularly by the Soviet ambassador to France, M. Vinogradoff.

At that session, Duclos grinningly boasted that our friend Baylot had been "liquidated."

Referring to Baylot, Duclos said: "He was the only person in the Republic who has hindered and stopped the Communists. And he has been liquidated."

Not only has Baylot gone, but the Mendez - France government had already fired the anti-Communist Robert Hirsch, head of the Surete, the French FBI. And at that moment the new government was planning to liquidate M. Boursicault, the head of the French counterpart of our Central Intelligence Agency.

-:-

EVERYWHERE, all tough anti-Communist intelligence officers and police chiefs were being "liquidated." Even the national French radio was warned to go easy with any criticism, not only of the Soviets, but of the French Communist party.

All this was being done under the direction of the minister of interior of the moment, M. Mitterand.

Communist party boss Duclos referred to Mitterand as "admirable and courageous." Just bear in mind that M. Mitterand, a neutralist (which means he doesn't like the U.S. and wants the friendship of Russia), controlled the French FBI, the French CIA, the Duxieme Bureau, which is the French G-2, military intelligence, and all chiefs of police.

Mitterand was one of those pushing Mendez-France towards the Russians—and the moment our friend Baylot was out, the Communist parliamentary deputies began showing up at the justice ministries, the Interior, the police headquarters, asking for information, etc., etc., and giving advice.

The French security system was cracked.

Its files were opened.

Just as important, a pro-Communist atmosphere was being created. For example, Communist chief Duclos revealed at the July 12 secret party session that Interior Minister Mitterand had promised to arrest anyone who interfered with the sales of L'Humanite, the Paris Daily Worker. French veterans of Indochina fighting had been harassing the Communist street propagandists.

-:-

MITTERAND WAS rapidly producing "a climate of the left"—and Duclos said the time was now approaching for preparation for a war "to the death" with the Catholic political leaders.

And Duclos predicted a series of revolutionary Communist - led strikes to force the government to appoint Communist cabinet members.

As Duclos put it, the "atmosphere of the left" would: "Thanks to our (Communist party) cells in the factories and thanks to our (party controlled) unions lead inevitably to political revolutionary strikes which must end inevitably in the return of Communists to the government.

"For the French capitalists this will be the beginning of the end.

"Then will come tumult in Italy, Belgium and other countries.

"Tito will be isolated. He will have to yield.

"The world hopes of Communism now rest in Paris."

Thus Duclos spoke only after he had been told of the liquidation of M. Baylot, symbol of anti-Communism, believer of the elementary fact that the Communist party of any nation is not a party but a plot.

The guard sure changed at six minutes after 10 on the morning before Bastille Day.

(Post-Hall Syndicate)

Canadian Copper Industry Booming

WASHINGTON (UP) — Prospectors in this atomic age are getting rich overnight mining an age-old metal—copper.

Despite the competition of new, exciting materials for atomic industry, Canadian prospectors with an eye to sudden wealth are engaged in a frenzied copper rush in northwestern Ontario.

Canada, world's fourth-ranking producer, derives about half her annual output from Sudbury Basin, 200 miles northwest of Toronto.

While copper has been in use some 6,000 years — since the stone age gave way to bronze—it did not come into prominent use until the 1870's when its use in electric and communications systems valuted it to top importance.

The United States is the world's greatest producer and consumer. The supply was somewhat curtailed during World War II and the Korean War, but the boom is on once again.

MEETING SCHEDULED

UPPER SANDUSKY — Organization of an Upper Sandusky club of the United Commercial Travelers is in the planning stages here and the organizational meeting is set for July 29 at 7 p.m. at the Evergreens Restaurant here. This fraternal organization operates in both the United States and Canada, with 52 clubs in Ohio alone. Officials of the organization were in Upper Sandusky and reported that thirty-three potential new members had submitted applications which will be acted upon at the meeting on July 29.

Couple Separated On Berry Picking Trip Are Reunited

CUMBERLAND, Md. (AP)—Police received a report yesterday that an elderly man had walked out of the woods on Wills Mountain and said his wife had become lost while berry picking.

Desk Sgt. Charles C. Roby began organizing a search.

Soon another call came in. The caller said an elderly woman had just reported her husband missing on Wills Mountain.

Mr. and Mrs. Frank McMullen, both in this 70s, were reunited at the police station after police cruisers were sent to pick them up.

Joe Wilman is the first to have bowled more than 1,000 games in the Chicago All-Star tournament. He has been in the finals nine times in 13 years.

'Urbiculture'

By Hal Boyle

NEW YORK

The farmer now has parity. Should the city dweller have parity, too?

This puzzling problem arises as the result of a bill introduced by Rep. J. Arthur Younger, a California Republican, to create a U.S. Department of Urbiculture.

HAL BOYLE

This department would be to city folks what the U.S. Department of Agriculture is to the fellows who follow the furrows on the farms.

Well, plow me under, but who wants that? It is all well and good for Rep. Younger to point out that about 75 per cent of the nation's population used to live on the farm but not 75 per cent live in the cities.

—:—

EVERYBODY KNOWS the reason these people moved to town was so they wouldn't have to keep on being a problem to the Department of Agriculture.

But having made the transition from farm bloc to city block, why should they have to worry about dealing with agents from a Department of Urbiculture?

Parity is very simple for the farmer. When the government tells him he's got parity, he knows he can trade in his car every other year for a new one. When he doesn't have parity, he pawns the car and gives his overflow crops to his poor relatives.

It is not so easy to arrange parity for a city dweller. He is a rugged individualist, and the only crops he grows are window geraniums and king size ulcers. It is hard to see how a federal Department of Urbiculture can encourage a market for either. Surplus ulcers are even harder to dispose of than surplus butter.

—:—

I TALKED, however, with a number of New Yorkers on the subject of creating a federal government branch devoted to the problems of city living. The reaction was rather limp.

"Would that be good or bad for the Dodgers?" asked a man from Brooklyn.

A young lady inquired:

"Never mind urbiculture—whatever that is. How about a federal Department of Matrimony?

Two other fellows said they weren't interested in the project as they already had jobs in City Hall. Another said, "Well, I hear the Department of Agriculture passes out free seeds to farmers. If the Department of Urbiculture will hand out free bus tokens, I'm not too much against the ideas."

—:—

ON THE OTHER hand, a number of disillusioned motorists couldn't see the proposition at all. They were unable to figure how the federal government could solve the parking problem.

One patriotic citizen was indignant at the mere suggestion that a federal bureau would improve New York.

"It has taken us 300 years to get into this mess," he said, "and nobody in Washington can straighten it out."

Then he added grimly:

"Congress is a great place to visit—but I sure would hate to live there."

It looks like urbiculture may have a hard row to hoe in this culture.

"How Long Does It Take You To Fill An Average Order?"

A stranger dined with us recently and asked the above question. We told him the time varies. He then paid us a nice compliment which pleased us. He said that he had never been served so quickly, and was surprised that our waiter did not make one single mistake in taking the order. Good food is important at the Ritz, but there is no substitute for prompt, courteous service. We always welcome your criticism, and compliments also.

Rhee

(Continued From Page 1)

the southeastern flank of Asia if a defensive alliance should be obtained.

Rhee's Position

Rhee is likely to ask, according to Seoul dispatches, for military equipment and transport to equip at least 10 and perhaps 20 more divisions than the 20 South Korea already has. He also is expected to seek a boost in the rate of U.S. economic aid, now running at 200 million dollars a year.

Eisenhower in turn is reported planning to ask the fiery nationalist to forget, at least for the time being, his dream of Korean unification, and also to soften his attitude toward his old enemy Japan.

The new and strategically valuable position of the Reds in Northern Indochina imposes a critical factor in defense planning but officials believe it will not adversely affect the long-range, three-year program for military assistance to Korea, Japan, Formosa and the Philippines.

No Change Contemplated

At the Pentagon, it was said that no change in money allocations is contemplated under the military assistance program for this fiscal year.

Officials said a sudden cutback now might alarm nations which the United States hopes to bring into the Southeast Asia alliance. And the fluid situation throughout the area would make it militarily unwise.

Beyond this there was the recent news conference discussion by Wilson which indicated the program for cutbacks in military strength was being reviewed.

Luggage made with glass fibers is 400 per cent lighter than the conventional product.

Fire

(Continued From Page 1)

a trailer camp nearby where one trailer was burned. Baker suffered severe body burns and was reported in critical condition. The woman had a chest injury.

The other injured person was Robert Williams of Rt. 3, Norwalk, a truck driver who was unloading gasoline at the bulk station when the explosion went off. He was treated for shock.

The blast occurred at 5:35 a. m., EST, and the truck driver was reported to have been the only person at the plant at the time.

Just what touched off the explosion was uncertain. One company official said static electricity or a short circuit of some kind might have been to blame.

More than 35 firemen, including eight volunteers from Perkins Twp., helped fight the blaze.

Deaths and Funerals

Mrs. Howard Hoch

Mrs. Hattie McVey Hoch, 80, of 330 Owens St. died at 4:45 p.m. yesterday in City Hospital.

Born March 29, 1874, in Richwood, she was a daughter of John and Matilda Ann Rogers Woodruff. Aug. 22, 1896, in Marion, she married Howard Hoch who died Dec. 1, 1928. She was a member of First EUB Church.

Surviving are her son, Robert Hoch of the Owens St. address; one grandchild; two great-grandchildren; a sister, Mrs. H. J. Jury of West Palm Beach, Fla., and a brother, W. W. Woodruff of 686 E. Church St.

Funeral services will be conducted Wednesday at 1:30 p.m. in the Merle H. Hughes Mortuary on Mt. Vernon Ave. Rev. L. E. Ames will officiate. Burial will be in Marion Cemetery. Friends may call at the funeral home after tomorrow noon.

Mrs. Stanley Dungan

Mrs. Ruth Dungan, 62, of Columbus died at 1:35 a.m. today in the home of a daughter, Mrs. Pearl Pitchford of 218 Fairview Ave. in Marion. She was a resident of Columbus 38 years.

The inhalator squad of the Marion Fire Department was called and worked for 15 minutes in an attempt to revive her.

Born Nov. 3, 1892, she was a native of Pontiac, Mich. Her husband, Stanley Dungan, died June 10, this year. She was a member of the Ladies' Auxiliary of the Eagles Lodge in Columbus.

Surviving with the daughter here are two other daughters, Mrs. Mildred Moore of Columbus and Mrs. Grace Stiffler of Massachusetts. A son preceded her in death.

Funeral services will be held Thursday in the Jerry Spears Funeral Home in Columbus. Burial will be in Union Cemetery there. The body was to be sent to Columbus from the Boyd Funeral Home on W. Columbia St. here.

Vickie Lynn Foreman

Vickie Lynn Foreman, infant daughter of Mr. and Mrs. J. C. Foreman of Woodbine Ave., died yesterday in City Hospital where she was born Friday. The parents are James Clifford and Margaret Virginia Henderson Foreman, the father a native of Albright, W. Va., and the mother of Grafton, W. Va.

Surviving with the parents is a sister, Patricia Louise.

Funeral services were set for 3:30 p.m. today in the Merle H. Hughes Mortuary on Mt. Vernon Ave. Rev. W. C. Eyster officiated. Burial was in Marion Cemetery.

Mrs. Willis Riley

MOUNT VICTORY — Mrs. Lyda Riley, 68, of Kenton died at 8 p.m. Saturday in Hardin Memorial Hospital at Kenton. Ill nine months, she was taken to the hospital Saturday morning.

Born May 8, 1886, she was a native of the LaRue community. She married Harry Luvisi who died in 1909, and in 1913 she was married to Willis Riley who died in 1942. A resident of Kenton a year, she moved there after living 18 years north of Mount Victory. She was a member of the Jolly Circle Club and of the LaRue Methodist Church.

Surviving are three children, Mrs. Vera Johnston of Kenton, Howard Riley of near Kenton and Arthur Riley of Groveport; stepchildren Thomas Riley of Marion, Mrs. Edith Hattery of Alger, and Haskell Metz of Marion; 11 grandchildren; and a sister, Mrs. Raymond Baker of Galion. A son, Paul Riley, was killed a year and a half ago in an automobile accident, a step-daughter, Mrs. Blanche Lamb, is dead, and two sisters preceded her in death.

Funeral services will be conducted tomorrow at 2:30 p.m. in the Sherman and Mackey Funeral Home at Mount Victory. Rev. William Allen will officiate. Burial will be in Hale Cemetery at Mount Victory. Friends may call at the funeral home.

James Ernest Russell

LARUE — James Ernest Russell, 67, of LaRue died at 11:40 last night in San Antonio Hospital at Kenton. He was seriously ill 11 days.

Born Sept. 5, 1886, in Marion County, he was a son of Harrison and Hannah Parish Russell. Dec. 11, 1929, in LaRue, he married Lula L. Helwig. A veteran of World War I, he was a member of Phillippi - Clement Post 101, American Legion, in LaRue and of DAV in Marion. He was a retired railroad man.

Only survivor is his widow. A step-son preceded him in death, and he was last of a family of 11 children.

Funeral services will be conducted Thursday at 2 p.m. in the Ford Funeral Home in LaRue. Rev. Leland Wiley and Rev. John Williams will officiate. Burial will be in LaRue Cemetery. Friends may call at the funeral home after 1 p.m. tomorrow. Graveside rites will be conducted by the American Legion.

Thomas J. Keegan, 74, Dies in Daughter's Home

Thomas J. Keegan, 74, died at 10:45 p.m. Sunday in the home of his daughter, Mrs. Mark Dalton of Cincinnati. Death was caused from a heart ailment. In failing health for the past three years, his death was unexpected.

A native of Marion, he had lived his entire life here until going to Cincinnati to make his home with his daughter a few years ago. He was born Jan. 24, 1880. His parents were Patrick and Ellen Keegan, natives of Ireland.

He was a member of St. Mary Catholic Church and a graduate of the parochial high school. A plumber, he was associated with the Probst Supply Co. for many years, and also with other plumbing firms in the city.

His first marriage was to Miss Katherine Gillooly whose death occurred in 1916. Later he married Miss Marie Burkhardt. She died Dec. 25, 1948.

Surviving are two children, Mrs. Dalton of Cincinnati, and Joseph Keegan of Sacramento, Calif., and four grandchildren.

Funeral arrangements are incomplete. The funeral will be from St. Mary Catholic Church and burial made in St. Mary Cemetery here.

Funeral Service Slated For Pharisburg Resident

RICHWOOD — Harry Evans, 76, of Pharisburg died Saturday night in Shady Lawn Manor at Columbus.

Born Dec. 18, 1877, at Irwin, O., he was a son of William and Louise Schoeller Evans. Nov. 29, 1900, he married Florence Eddy who died in December, 1915.

Surviving are two children, Dwight of Columbus and Mrs. John Leeper of near Richwood; four grandchildren; a great-grandchild; a brother, Charles of Richwood; and a sister, Mrs. Vern Thomas of Ashley.

Funeral services will be conducted tomorrow at 2 p.m. in the Winter-Milligan Funeral Chapel in Richwood. Rev. Donald Albasin of Magnetic Springs will officiate. Burial will be in Hopewell Cemetery near Pharisburg. Friends may call at the funeral home.

Missing Purse Found

A woman's purse was found in an alley Sunday after the owner had reported it was lost or stolen in a S. Main St. store.

The owner was Violet Rose of 506 Euclid Ave. Nothing was missing from the purse, which was found in an alley behind the Montgomery Ward Co. store. Main item of interest to the woman was a $25 government bond, which was still in the purse.

GUESTS ENTERTAINED

Guests from Bellpoint and Green Camp were entertained by Starlight Temple of Pythian Sisters Lodge at Essex Thursday night. Games, contests, and refreshments were included. Mrs. Norma Wasserbeck heads the Essex lodge, and Mrs. Lelia Chapman was in charge of arrangements. Attending were 19 from Bellpoint and two from Green Camp.

FOUNDRY EXPERT DIES

CLEVELAND (AP)—Dr. Harry A. Schwartz, 74, known for his research in the foundry industry, died yesterday. He had received the John A. Penton gold medal of the American Foundrymen's Society, the E. J. Fox gold medal of the Institute of British Founrymen and the Charles H. McCrea award of the Malleable Founders Society. He was employed by the National Malleable & Steel Castings Co. for more than 50 years. Funeral services will be tomorrow.

Mrs. W. A. Klingel Found In Lake at Worthington

Mrs. Louise I. Klingel, 27, wife of William A. Klingel of near Prospect, was found floating face down in Lake Bob Poste near Worthington about 9 a.m. yesterday. She had been a patient at the Harding Sanitarium near Worthington the last three months.

Constable O. J. Barker of Sharon Township, Franklin County, said she had been reported missing from the sanitarium at 5 p.m. Saturday and a search of the premises following had proved fruitless. Verdict of Dr. Carl E. Teitrick, acting coroner, was suicide, though the family had not discounted possibility that she could have tripped over roots on the bank of the lake. Mrs. Klingel had been ill since birth of a daughter, Diane Elizabeth, last May. There is another child, James Edward, 3.

Born Jan. 1, 1927, in Waldo Township, Mrs. Klingel was a daughter of G. Edward Bender and Nina A. Almendinger Bender. Her marriage was Sept. 19, 1948, in Marion. She was a member of the Prospect Street Methodist Church in Marion and of the Wesleyan Service Guild of the church, of the Mothers Study Club and Pythian Sisters Lodge of Waldo, and of Bethlehem Grange.

Surviving with her husband and children are her father who lives near Prospect; and two sisters and two brothers, Miss Marie Bender, Mrs. Charles Ullmer, and Walter J. Bender, all of near Prospect, and Ralph E. Bender of Canal Winchester.

Funeral services will be conducted tomorrow at 2:30 p.m. in the Schaffner - Denzer Funeral Home on E. Center St. in Marion. Rev. F. E. Shoup will officiate. Burial will be at Waldo. Friends may call at the funeral home.

J. A. Smith, Cardington Native, Dies at Chicago

James Albert Smith, 81, native of Cardington, died Saturday in Chicago, Ill.

His parents were George W. and Harriet E. Smith. At one time he was employed as a boilermaker at Mansfield, then had been for many years an employe of the Deering Co. at Chicago. His marriage was to Lillie Shaffer of Johnsville.

Surviving are two daughters, Mrs. Clarence Beck of Johnsville and Mrs. Clarence Rinehart of Bonner, Mont.; two brothers, Tom Smith of Galion and Clen C. Smith of Marion, and nieces and nephews in Marion and Morrow Counties.

Funeral services will be conducted Wednesday at 3 p.m. in the Snyder Funeral Home at Lexington, O. Burial will be at Johnsville.

Former LaRue Teacher Dies at Home in Lorain

LORAIN — Mrs. Martha Frederick Wiles, 53, Lorain school teacher who was a native of LaRue, died yesterday noon at a Lorain rest home. She was ill several years.

Graduated from Ohio Northern University at Ada, she taught school in the grades at LaRue 13 years, then was a teacher at Clearview School in Lorain six years. She was a member of the Episcopal Church of the Redeemer in Lorain and was a member of the Eagles Auxiliary at Amherst.

There are no close survivors.

Funeral services will be conducted at 8 tomorrow night in the Mathews Funeral Home in Lorain. Rev. Leland Wiley of LaRue will officiate. Graveside rites will be conducted with burial in the family plot in LaRue Cemetery Wednesday morning.

Death Claims Relative Of Richwood Residents

RICHWOOD — Frederick Bradford Shaw, 67, of Westerville, relative of Richwood residents, died of a heart attack about 2 p.m. Saturday while exercising a horse in a pasture field near Westerville. Mr. Shaw had been in failing health three years.

Born Feb. 15, 1887, at New Philadelphia, he was a son of John and Katherine Kennedy Shaw. In April, 1917, he married Lucy Brown. He was a retired blacksmith.

Surviving are his widow; his son, Robert Shaw, who is athletic director in the Washington C.H. High School, and former All-American from Ohio State University, a grandson; and three brothers and two sisters, Robert Shaw, Mrs. Mary Butler, and Mrs. Addie Partlow, all of Bowling Green, Ernest Shaw of Kenton, and Jack of Port Clinton.

Mr. Shaw and his wife resided at the Student Union on the Otterbein College campus. They operated a concession there.

He was a member of First EUB Church of Westerville.

Funeral services will be conducted tomorrow at 2 p.m. in the Ballinger Funeral Home in Richwood. Rev. M. J. Miller will officiate. Burial will be in Claiborne Cemetery. Friends may call at the funeral home.

A baldheaded man, trying to cover the maximum of bare skin with a few strands of hair, is sort of in the position of a fat woman attempting to be modest in a Bikini swimming suit.

Film Actress Wed

HOLLYWOOD (AP)—Film producer Stanley Rubin and Actress Kathleen Hughes were married last night at the home of the bride's uncle, F. Hugh Herbert.

The ceremony was performed by Superior Court Judge Stanley Mask. Rubin, 36, and Miss Hughes, 25, postponed their honeymoon until Rubin recovers from an ear infection.

The pocket gopher can run down its hole backwards about as fast as it can head first, by using its sensitive tail as a guide.

Tribe Opens Home Stay After Taking Yankee Series

Single in 11th Inning Gives New York 4-3 Win in Finale

CLEVELAND (AP) — Cleveland's Indians came home for a benefit exhibition today with the St. Louis Cardinals after completing a profitable swing through the East, with a 2-1 break against the Yankees over the weekend.

Since the mid-season intermission for the All-Star game July 13, the traveling Indians won nine games, lost two, and tied two others.

Before the road trip began, the Indians held the league's first place by half a game, and since that time, the Yanks have managed to keep abreast of the Tribe.

When the two teams clashed Friday, the Indians still had the half game edge. They trounced the New Yorkers easily, winning 8-2, and won on Saturday in the 10th inning, 5-4.

Only a single with bases loaded in the 11th inning yesterday kept the Tribe from a clean sweep of the series.

It was hit by Andy Carey and ended the game—tied at 3-3 since the seventh inning—making it a 4-3 Yankee victory.

The Tribe now holds a game-and-a-half advantage over the Yanks in the American League pennant race.

The Bronxites come to Cleveland next weekend for a three - game series, highlight of the Tribe's 14-game home stand.

Each team has scored 74 runs in their season series, split at seven games apiece.

While the Indians are coping with the Boston Red Sox in a trio of games beginning Tuesday, the Yankees will be challenged by the third-place Chicago White Sox, who have a six-game deficit in the league standings.

Whitey Ford held the Indians scoreless yesterday until the sixth inning, as the Yankees hit their way through four Cleveland pitchers.

In the sixth, the Indians got all their runs on a walk by Jim Hegan, a single by Bob Avila, walks by Larry Doby and Al Rosen, and a sliced single to left by Vic Wertz that made it 3-1.

Cleveland's starter, Mike Garcia, pitched scoreless ball for three innings. He walked Mickey Mantle in the fourth, and then Yogi Berra singled and Mantle scored on a sacrifice fly by Irv Noren.

Noren's single started the Yanks' rally in the seventh. After Garcia served the single and walks to Carey and Enos Slaughter, Ed Robinson doubled off Ray Narleski to send in two runs and tie the score.

Narleski stayed until the 11th, when he walked Mantle and retired Berra on a fly. Then his roomate, Don Mossi, served a single to Noren and walked Gene Woodling on four pitches. Art Houtteman took the mound and Carey's single sent Mantle across, ending the game.

Cincy Splits With Bucs, Travels East

CINCINNATI (AP)—The Cincinnati Reds will quit Crosley Field tonight after an exhibition contest with Detroit and head toward the East on a 13-game road trip.

The Reds were pepper up at the start of their home stand, taking four straight from Philadelphia. But they sagged at the end and the best they could do against Pittsburgh yesterday was to capture the second game of a doubleheader, 3-2, after the Bucs snared the opener, 4-2.

It was the weak end of the batting order which broke up a 1-1 tie in the nightcap and lead to the Red victory.

Roy McMillan opened the seventh with a single. Ed Bailey followed through with a double and pitcher Howie Judson won his own ball game with a single over second which scored two runs.

Judson upped his record to five wins against three setbacks. Frank Smith helped him out of trouble in the eighth when the Pirates loaded the bases on two singles and a walk. Frank walked the first man he faced, forcing in one run, but retired the side without further damage.

The Pirates got their first run on a single, two walks, a sacfifice and a grounder in the sixth. The Reds came right back to tie the score in the bottom of the inning on singles by Bobby Adams, Gus Bell and Ted Kluszewski.

Ted's homer—his 28th of the season and 20th at Crosley field—opened the scoring in the first inning of the first game. Johnny Temple, who walked, tallied ahead of big Klu.

For the second time in three days against the lowly Pirates, the Cincinnati pitchers could not hold on to a generous first-inning lead.

Harry Perkowski, who pitched three - hit ball against the New York Giants in 12 innings the last time out, had trouble with the pesky Pirates. Frank Thomas tagged one over the left field wall in the fourth for his 13th four-bagger of the season. In the seventh Jack Shepard walked and Dick Cole singled. The score was tied when Shepard tallied from third on a sacrifice fly. The Pirates grabbed the lead on Gair Allie's single. They added a run off Jackie Collu in the eighth when Thomas and Shepard singled.

Paul LaPalme held the Reds to six hits. Only three other balls went into the outfield.

Even with the split, the Reds held to a fourth-place. In the home stand just concluded, the Reds won eight and lost seven. They start a three-game series against Philadelphia tomorrow, then travel to New York, Pittsburgh and Brooklyn. They return to Cincinnati Aug. 10.

OUT? NO, HE'S SAFE. Yankee catcher Yogi Berra, in front of third, has the ball thrown from first baseman Bill Skowron but Cleveland Indians leftfielder Al Smith dives head first for the bag and makes it safely in the first inning at Yankee Stadium in New York City. Smith advanced from first as Yankee third baseman Andy Carey tossed out Bobby Avila on his sacrifice bunt. Shortstop Phil Ruzzuto is next to Berra. Umpire is Ed Runge and at right is Yankee pitcher Allie Reynolds. (22).

Buddy Rogers Signed for Mat Program Thursday at Armory

Nature Boy Buddy Rogers will highlight next week's wrestling card at the Marion Armory. Promotor Les Fishbaugh has signed the well-known television ace to meet George Managoff.

The two will battle it out in a two-out-of-three falls bout over a 60-minute time limit. Managoff, a 240-pounder, has been active in mat circles in the Chicago area and will be making his first appearance in Marion.

A win by Rogers would put him in line for a possible crack at the title held by Lou Thesz.

Frenchy Roy and Steve Novak will clash in the semi-final feature, also with a 60-minute limit and for two out of three falls. Roy is from Vancouver, Canada while Novak hails from Pittsburgh. Both have been active in television mat shows.

Winding up the card will be a 30-minute preliminary bout between Bull Montana and Mike Ryan. The opening bout is carded for 8:30. Fishbaugh announced no increase in the price of tickets and advance reservations are being accepted at Markert and Lewis.

Marion Legion Nine Ousted by Newark Crew

Marion's Junior American Legion baseball nine has been eliminated from sixth district tournament play.

Newark ousted the locals 5 - 1 Saturday at Lincoln Park to repeat as sixth district Legion champs and advance to the state Legion tournament in Columbus slated in August.

Three runs in the seventh off Marion's Bob Rodgers, who went all the way, clinched the victory. The score had been tied at 1-1 for several frames. Marion came up with its lone marker in the bottom of the first inning.

Bob Stauffer's single followed by Larry Geissler's triple accounted for the Marion run. The blast by Geissler, which traveled some 350 feet, missed clearing the left centerfield fence by about five feet.

Rodgers gave up five hits but walked seven batters while fanning the same number. The locals banged out five hits off Newark pitching with Stauffer, Marion catcher, and Geissler each netting two and Rodgers the other.

Marion had previously lost a tournament tilt in the double-elimination affair by one run to Newark.

SEES GAME THE HARD WAY

RICHMOND, Va. (AP) — Richard Ashworth, 9, wanted to see the Richmond Virginians of the International League play against Ottawa. Not having any money, he attempted to scale the left field fence. Instead he snagged his leg on a piece of wire. After emergency treatment Richard was given a box seat by the team's physician, Dr. E. E. Haddock, who is also Richmond's mayor and a team booster.

Cleveland Fans Convinced, Pennant Fever Breaks Out

By JOE REICHLER
AP Sports Writer

The Cleveland Indians failed to sweep the Yankee series in New York yesterday but they have gained a new-found respect all over the American League.

Back home today after a successful road trip, the league-leading Indians found the home town fans talking pennant for the first time this season. Before, when they returned home in first place, the cynical Cleveland populace would greet them like this:

"Why get steamed up? They never win the big ones. They wilt before the Yankees. Especially in New York. They'll blow it again down the stretch."

The Indians arrived in New York Friday with a thin half-game edge over the Yankees and left Sunday night a game and a half ahead. That was not exactly wilting.

The Yankees nipped the Indians 4-3 in 11 innings yesterday but the Tribe's satisfaction over victories Friday and Saturday was not dimmed.

Casey Stengel, Yankees manager, muttered:

"This has got to go down to the last weeks. Cleveland is not going to blow up. They got too many good players for that."

The Indians are obviously a much better club than the one that finished second to the Yankees in 1951, 1952 and 1953. As Stengel pointed out: "For the first time in years they've got a strong bench and good second-line pitching to back up the big three."

In the National League, the New York Giants' lead was whittled down to four games yesterday as the second-place Brooklyn Dodgers defeated St. Louis 2-1 while the Milwaukee Braves were walloping the Giants 7-5 for a sweep of the three-game series. The Dodgers meet New York at Ebbets Field tonight.

Chicago's surprising Cubs downed Philadelphia twice, 6-1 and 3-1. Pittsburgh and Cincinnati divided a doubleheader, the Pirates winning the opener 4-2 and the Redlegs taking the nightcap 3-2.

Chicago's third-place White Sox climbed to within six games of the pace-setting Indians in the American, sweeping a twin-bill from Boston 5-2 and 4-2. Jack Harshman, rookie Chicago lefthander, struck out 16 Red Sox batters — two short of Bob Feller's major league record — in the opener.

Washington protected its fourth-place hold by beating the Detroit Tigers 11-3. Frank (Spec) Shea won his first game of the season. Philadelphia's Athletics buried the Baltimore Orioles deeper in the cellar with 9-4 and 6-4 victories.

Cleveland enjoyed a 3-1 lead over the Yankees until the seventh. Mike Garcia, seeking his 13th victory, was chased in that inning when the Yankees tied the score on pinch hitter Eddie Robinson's double with the bases loaded. Rookies Bob Grim of New York and Ray Narleski of Cleveland battled on even terms from the eighth until the 11th, when the Yankees filled the bases on walks to Mickey Mantle and Gene Woodling and an infield single by Irv Noren. Andy Carey hit past a drawn-in infield to break up the game.

Clem Labine, making his second start of the season for Brooklyn, outpitched Harvey Haddix, Cardinal ace. Labine permitted four singles and no runs through the first eight innings but hits by Ray Jablonski and Red Schoendienst and walks to Stan Musial and Joe Cunningham after two were out

(Turn to FANS, Page 15)

Toweel, Former Bantam King, To Meet Costa

NEW YORK (AP)— Vic Toweel, former world bantam champion, makes his American debut tonight as a lightweight against Carmelo Costa, Brooklyn featherweight who recently upset Mexico's Baby Ortiz.

Toweel, 26, had trouble making the 118-pound bantam limit and was knocked out twice by Jimmy Carruthers, who since has retired. The South African hopes to shoot for the lightweight title in his new campaign.

Costa, a Brooklyn youngster, will be making his second 10-round fight. He is unbeaten in 24 fights with 21 victories and 3 draws.

The bout will be beamed from Brooklyn's Eastern Parkway at 10 p.m., EDT, over ABC-TV.

Paulie Andrews of Buffalo, N.Y., a fast-rising light heavyweight contender, boxes Yvon Durelle of Baie St. Anne, N.B., tonight at New Yorks St. Nicholas over Du Mont TV.

Andrews drove Danny Nardico into retirement and won over Chubby Wright at Miami Beach in his most recent outings. He is managed by Marshall Miles, who used to handle Joe Louis.

TO HOMER IS DIVINE

ANDERSON, S.C. (AP) — Virgil Stallcup, playing manager of the Anderson Rebels in the Tri-State League, believes it's human to err but divine to homer. In a game against Greenville, Stallcup's error permitted three unearned runs to score in the top of the ninth inning. In the last half of the inning, however, he blasted a home run with two aboard to win the game, 8-7.

Merchants Sweep Sunday Twin Bill

The Marion Merchants swept a doubleheader from the Upper Sandusky VFW Sunday at Garfield Park, taking the opener 4-2 and winning the nightcap 12-6.

The first game was won on four Marion hits and six errors by the losers. Dwight Wilcox was the winning hurler. Jenkins accounted for one of the Marion runs with a homer and a single by C. Gruber drove in the second. The other two runs came on four straight errors by the Upper team. Conley and Rice also singled for the winners. Larik was tagged with the loss.

Gruber paced the winners' attack in the nightcap. He smacked a home run and double to drive home four runs. Medley with a double and single accounted for three RBI's. B. Gruber doubled.

The winners picked up 14 hits and were charged with two errors. Medley allowed the losers 10 hits and they committed two errors. Hensel and Oney blasted homers and Chester had a triple and two singles.

Trabert Downs Mulloy In Colorado Net Event

DENVER (AP)—Tony Trabert, the Cincinnati kid with the big serve and come-back spirit, overwhelmed veteran Gardnar Mulloy yesterday, 6-4, 6-1, 7-5, 6-8, 9-7, to win the men's singles title in the Colorado Open Tennis Tournament.

Mulloy and defending titlist Billy Talbert, New York, teamed to beat Trabert and Charles Hare, Chicago, in men's doubles, 6-4, 12-10.

Sox' Harshman Strikes Out 16, 2 Under Mark

BOSTON (AP)—Jack Harshman of the Chicago White Sox, who couldn't make the grade with the New York Giants as a first baseman, has added a near-record 16-strikeout performance to his impressive first season as a major league pitcher.

The 6-foot-2 left-hander struck out 16 Boston Red Sox batters in hurling a five-hit, 5-2 victory in the first game of a double-header yesterday. He fell two short of the modern big league strikeout mark of 18 by Cleveland's Bob Feller in 1938.

Before this season, Harshman's only major league pitching consisted of six innings with the Giants in 1952. He gave up 12 hits and 10 earned runs in those six.

Prior to '52 he had been a first baseman since breaking into professional ball in 1945 with the San Diego Padres of the Pacific Coast League.

Today Harshman, 27 - year - old San Diego southpaw with powerful wrist action to snap off his breaking pitches, has appeared in 20 games and has a 7-4 record for the pennant-hopeful White Sox.

"Throwing strikes is the most important thing in pitching, not speed, said Harshman yesterday.

NATURE BOY (Buddy Rogers) WRESTLES THURSDAY
MARION ARMORY 8:30 P.M.

Nature Boy (Buddy Rogers)

Without doubt the greatest wrestling card is signed from the Armory Thursday Night. Promoter Les Fishbaugh has booked the best and toughest opponent in the big Chicago 240 lb. GEORGE MANAGOFF (seen on TV) to wrestle the popular ROGERS. The 2 out of 3 fall semi-final should produce a lot of wrestling. STEVE NOVAK will meet the equally popular FRENCHY ROY.

The 8:30 one fall opener will have two of the roughest grapplers in BULL MONTANA and MIKE "Satan" RYAN.

Popular prices. $1.00 — $1.50 Kids 50cts. will give everybody a chance to see this great card.

Better be sure because of advance reservations. Call Markert & Lewis (Marion 2-1732) "NOW" for choice seats.

All-Star Clash

National Leaguers Edge Americans in Teen Play

The National Leaguers edged the Americans 4-3 in their Teen League all-star contest at Lincoln Park Sunday night before a crowd of nearly 700 fans.

The winners managed the win on only two hits off four American League flingers, scoring early and hanging on for the triumph.

A run in the third without benefit of a base hit and three tallies in the fourth on one hit proved to be the National League's margin of victory. The American Leaguers netted two runs in the fifth on two hits and one in the eighth on a single hit.

The National League stars used five hurlers in posting the win. Toeing the rubber for the winners were Gail Castle and Jerry Gorby of the Caledonia-Claridon-Martel squad, Butch Simpson and Dave Gallimore of the Fraternal Order of Police team and John Forry of Morral.

They struck out 12 American League batsmen and walked 13. The losing American League used an assortment of four pitchers, Harold Jones and Larry Corbin of the Marion Indians, Louis Finch of Green Camp, and Sherrell Leffler of Pleasant. They fanned 15 while walking six and hitting two batsmen.

The losers pounded out five base hits—three more than the winning National League squad—as Bob Rodgers collected two of them. Hal Wasserbeck, Jones and Eddie Kurtz banged out the others.

Tex Burns, who had a triple, and Simpson had the National League's hits.

Roy Everly managed the winning National League squad. Fred McCumber of Prospect was the American League squad mentor.

Fans

(Continued From Page 14)

scored a St. Louis run and filled the bases. Jim Hughes replaced Labine and struck out Rip Repulski on three pitches to save his 17th game for the Dodgers.

Andy Pafko drove in three runs with his 11th homer and a bases-loaded single to spark the Braves to their third straight victory over the Giants. Pafkos single off reliever Ruben Gomez in the seventh drove in the tying and winning runs.

Bob Talbois ninth-inning single followed Dee Fondy's run-producing double in a two-run rally that gave the Cubs a 2-1 victory over the Phillies and a sweep of the double-header.

Pitcher Howie Judson won his own game with a tie-breaking single in the seventh to give the Redlegs a split after Frank Thomas had paced Pittsburgh to a first-game victory with a homer and three singles.

The White Sox followed up Harsmans sensational strike out performance by defeating an old nemesis — Ellis Kinder — in the second game with a two-run seventh inning rally that broke a 2-2 tie.

A seven-run eighth inning in the first game and a four-run seventh in the second enabled the Athletics to come from behind twice against the Orioles.

The Helenas hummingbird of Cuba, 2½ inches long, is rated as the smallest bird in the world.

SAM MIXES GYMNASTICS WITH GOLF. When a long putt fails to drop on No. 16 green, Sam Snead does a pirouette in a PGA match at St. Paul, Minn. His opponent, Tommy Bolt, is at left. Snead's whirling tactics made him lose grip on club.

Leaves New Bloomington

Alexander Granted Leave To Teach Year in Greece

Harry Alexander, head basketball coach at New Bloomington High School, has been granted a leave of absence for one year to teach in Greece under a Fulbright award.

Alexander will fly to New York City from Marion on Aug. 18 and on Aug. 20 will sail aboard the Greek liner, Hellas, for Patras, a Greek city on the Mediterranean Sea. For the next year he will teach Greek students English and recreation. His assignment at Patras will correspond to a high school post in America.

Alexander applied for the post to the Fulbright Committee a year ago and this summer received notice of his appointment. His application was studied by the Fulbright Committee and State Department officials and final approval was speedily granted. During the year in Greece, Alexander's expenses and salary will be paid by the U.S. government. Patras has a population of around 75,000, Alexander reports.

A native of Marion County, Alexander has been teaching at New Bloomington for the past seven years. He taught one year at Kirkpatrick School before shifting to his present post. In addition to his work with the basketball and baseball team, and physical education department at New Bloomington, he has instructed social studies and science.

HARRY ALEXANDER
To Teach in Greece

Harry is the son of Mr. and Mrs. Floyd Alexander of near Caledonia with whom he makes his home during the summer months. During the school year, Alexander, a bachelor, resides in New Bloomington. He is a graduate of Caledonia High School and of Baldwin Wallace College at Berea. He did his graduate work at Ohio State University and the University of West Virginia at Morgantown.

Barons Gain Rights To Pair of Skaters

The Marion Barons Hockey Club announced today it had obtained first negotiation rights to forwards Joe Shaw and Bernie Hill of the defunct Louisville Stars for the 1954-55 season in an International Hockey League player of the Louisville players.

Shaw scored 19 goals and 30 assists in 57 games last season and has made his home in Troy during the off-season. Hill played in 61 games while scoring 17 points and resides in Toronto, Canada.

The runner-up Barons had seventh choice in a draft which gave the last place Milwaukee Chiefs first choice.

School Patrol Members To Watch Tribe-Bosox

GALION — Reserved seats right back of home plate to see the Cleveland Indians play Boston Thursday are in, store for some 100 members of the School Safety Patrol.

This group will be comprised of the patrol from Galion and Mount Gilead and will be guests of the Galion Automobile Club which sponsors the patrol in both towns. The Galion and Mount Gilead patrol members will join 900 members from Canton and another 700 from Akron in seeing the game.

Grace Thomas, secretary of the Galion Automobile Club, has made arrangements to secure the tickets and planned the trip as one of the awards for services performed by patrol members, who safeguard the lives of their schoolmates at street crossings in school zones.

All-Star Battles Scheduled for Little Leaguers

Marion's Little League All-Star squads are in action tonight — one of them here — in district 3 tournament play.

The American Leaguers are scheduled to battle Galion at Robert Scott Field at 8 p.m. The National Leaguers will travel to Shelby for their first tourney match tonight carded for 5:45 p.m.

Winners of the tilts will meet at Shelby Tuesday night in the tournament semi-finals. The final, pitting the winner here against the winner of the western section in this area — either St. Mary, Van Wert or one of two teams from Pauiding County — will be played at Robert Scott Field Thursday night.

Winner of the district 3 title must then defeat the Columbus area winner at Urbana on Aug. 4 and the winner of the Dayton-Defiance area.

Ben Lenavitt will manage the National League squad while Ned Roseberry is head of the American Leaguers.

Baseball for Boys schedule here the rest of the week will consist of Pony and Teen League games. Little League action has been suspended until after tournament play. Only one night remains. Pony League play is scheduled tonight, Tuesday, Wednesday and Friday with Teen League action here Thursday night.

Hooper Takes Feature Event At Speed Bowl

Paul "Dusty" Hooper of Marion led the field in the feature event Sunday night at the Marion Speed Bowl. He completed the 25-lap dash in 8:26.

Bob Christman of Findlay came in second and Emerson Dyer of Forest finished third. Marion's Louis Louck was fourth. Ted Rambo led the field into the 10th lap when his car went over the bank and overturned. The Marion driver escaped injury.

Hooper also led the field across the finish line in the first race. Rambo was second and Don Williamson of LaRue copped third. The event was run in 3:59.

Christman took the second race with Dyer second and Walt Hamilton of Richwood third. Bob Harris of Bucyrus was running second but spun out on a turn. The winning time was 4:11. In the third event, Don Hamilton of Richwood finished first with Don Teets of Marysville and Harris finishing two-three. Dick Fox of Tiffin went over the bank during this race which was run in 4:17.

Rambo came home first in the winner's handicap in a time of 3:50. In the second and third spots were Hooper and Christman. Bill Sturgeon of Marion gained the flag in the first consolation race with Harris and Joe Erwin of Richwood following in that order. Sturgeon's time was 4:13.

Ed Fridley of Marion was winner of the second consolation event. Charles Evans of Forest was second and Harold England of Upper Sandusky took third place. The time of the winning car was 4:20.

YANKEES HAVE MONOPOLY

NEW YORK (AP) — The Yankees have played in 20 World Series and have won 16. Only two of the classics, however, were lost while the New Yorkers were using the Yankee Stadium as thir home park. In 1921 and 1922 the Bronx Bombers lost to the Giants but all the contests were held in the Polo Grounds. The Yankees started playing in the Stadium in 1923. Since that time they have lost only twice to the St. Louis Cardinals —1926 and 1942. The Yanks have won in their last seven Series appearances.

Threatens Withdrawal

Bolt Reaches Semi-Finals With Victory Over Snead

By HUGH FULLERTON JR.

ST. PAUL, Minn. (AP) — Tommy Bolt, a perfectionist among golf pros who can't understand why the galleries don't admire perfection, figures he made a lot of friends out on the hot stretches of the Keller course.

At least, he was around to meet Chick Harbert, the man who persuaded him not to walk out on the tournament, in one of today's semifinals of the PGA Championship. He wasn't hanging from a tree, as he had predicted.

The other 36-hole semifinal brought together defending champion Walter Burkemo and former Open champion Cary Middlecoff.

Bolt, whose temper operates on a hair trigger, battled anger and Sammy Snead yesterday and finally won out over both on the 39th hole.

Halfway through the match he threatened to walk out because of what he called unfair treatment by the gallieries. Strangely, it was Harbert who persuaded him to continue.

After a couple of club-throwing tantrums and an incident on the 18th green, when a few spectators applauded a missed Bolt putt, Tommy angrily proclaimed that he wouldn't tee off in the afternoon.

"They treat Snead like a favorite son; if I won they'd probably hang me from the nearest tree," he said.

But before the finish, the fans were cheering Bolt for his dogged persistence in sticking with the favorite and at the end he used up one of his rare smiles and remarked:

"I guess I made some friends out there this afternoon. But wait until you see the headlines tomorrow: they'll say 'Snead loses on the 39th'."

That's just about what Sammy did. He hit his second shot on the 39th like a duffer—smothering a wood shot on the 510-yard hole and sending it only about 80 yards. He took a bogey 6 to lose the hole as Bolt made his par 5.

From the fourth hole to the 39th, Bolt never was ahead. But he never let Snead get more than a two-hole margin either. Then, two down with only four holes to go, the unsmiling Bolt kept the pressure of steady pars on his tiring opponent and caught up at the 34th.

Harbert, beat Jerry Barber 1-up over the 36-hole route.

The only easy victory went to Burkemo, the snub-nosed scrapper who thrives on match play. He caught Argentina's Roberto de Vicenzo on a bad day and trounced him 5 and 4. Middlecoff, who almost blew his match twice on the front nine only to recover coming back, turned back Shelley Mayfield 3 and 1.

Columbus Winning Streak Ended at 5

By The Associated Press

The Indianapolis Indians split a doubleheader Sunday with their closest rivals, the Louisville Colonels, and maintained their 10-game American Association lead.

The Indians won the opener, 5-2, but Louisville came back for a 1-0 decision in the nightcap.

In other Association activity Sunday:

Columbus and St. Paul split a doubleheader, the Red Birds taking the opener 7-6 and the Saints snapping a five-game Columbus win streak in the second, 8-2.

Kansas City outhit Toledo, 15-13, and beat the Sox, 10-9.

Charleston, scoring all its runs in the second inning, took a 5-3 decision over Minneapolis.

Yesterday's Stars

Pitching—Jack Harshman, Chicago White Sox, Struck out 16—two short of Bob Feller's major league record—as he pitched the White Sox to a 5-2 victory over the Boston Red Sox in the first game of a doubleheader.

Batting—Andy Pafko, Milwaukee Braves, hit his 11th homer and rove in the tying and winning runs with a bases-loaded single in the seventh inning as the Braves defeated the league-leading New York Giants 7-5.

Radio and Television

By JOHN CROSBY

Six Years of Sullivan

Ed Sullivan, who was elected least likely to succeed when he went on the air with "Toast of the Town," has not only survived but prospered for six long years now, which just goes to show how wrong people can be.

J. CROSBY

The other day Mr. Sullivan was asked his own explanation for his own hardihood in a medium which has gobbled up so many more talented people in a third that time. "Guts," said Mr. Sullivan has persistently gone and done what he thought ought to be done in spite of enormous pressures to do otherwise.

From the outset, people whose judgment he respected told him that a variety show would never go on TV and was as dead as vaudeville. He didn't believe it and statistics seem to prove he was right. He has always believed there is nothing too highbrow for a TV audience and is very proud of having headed the Sadlers Wells ballet on TV after a great deal of difficulty.

• • •

SULLIVAN LIKES his show to be unpredictable rather than running to format and he gives this great credit for contributing to Toast's success. His biographical shows of Oscar Hammerstein, Helen Hayes, Robert E. Sherwood and others were a complete break with tradition and very successful, not because of the great show business hits that were played on them but for an indefinable human quality they had.

The best example of this was during the Josh Logan story. There were tidbits from many of Logan's hits which include some of the greatest hits in theatrical history. Still, great as they were, the show was just a monotonous parade of success and Logan asked Sullivan if he could tell the story of his own mental breakdown and cure.

This bit, told simply and boldly by Logan, was the most memorable thing in the show and had some notable after-effects. A Supreme Court judge in Pennsylvania saw the show and reversed a lower court decision denying a mother of three children, who had once been mentally ill, the custody of her three children. Part of Logan's talk was incorporated into the decision.

Later the head of Oklahoma's mental health program told Sullivan he had been unable to get funds out of the budget commission until the commissioners saw the Logan bit on television. Then the commission voted him $1,500,000.

• •

THERE WERE OTHER examples of the same thing. Helen Hayes told of a scene she played in "Victoria Regina" in which a workman shouts to the Queen "Go it, old girl, you've done it well." She added that after a full and happy life she hoped people would say to her, "Go it, old girl, you've done it well." Broke the joint up. And the most fetching bit from the Oscar Hammerstein story was not any of the great array of famous singers, dancers and actors — but Oscar himself reciting the lyrics from his song "The Last Time I Saw Paris."

Sullivan likes to bust formula by putting interesting people in new settings, getting them to do something they've never done before, and changing his show all around so the viewers never know what to expect. Once he placed a group of opera singers in evening dress rather than operatic costumes put them in a booth at El Morocco where they chatted about arias—and then burst into them.

• •

ANOTHER TIME he had 20 top jockeys in dinner jackets and top hats in a song and dance number. Three top ball players sang "Take Me Out to the Ball Game." And Sugar Ray Robinson stopped the show by jumping rope to music like a ballet dancer. Some of these novelties come off, some don't. But they keep the audience off balance.

Every year, Sullivan says, TV gets more expensive and more difficult as the audience gets more and more hep. Entertainers he once got for $50 get $1,500 — and some get $3,500. Occasionally Sullivan looks at a kinescope of an old show he once thought was great — and shudders at how bad it is.

Two Britons Slain By Reds in Malaya

SINGAPORE (AP)—Ambushed by Communist guerrillas as they toured a palm oil estate in Johore state, two Britons were killed and three were wounded yesterday.

The wounded included Christopher Shawcross, brother of former British Atty. Gen. Sir Hartley Shawcross.

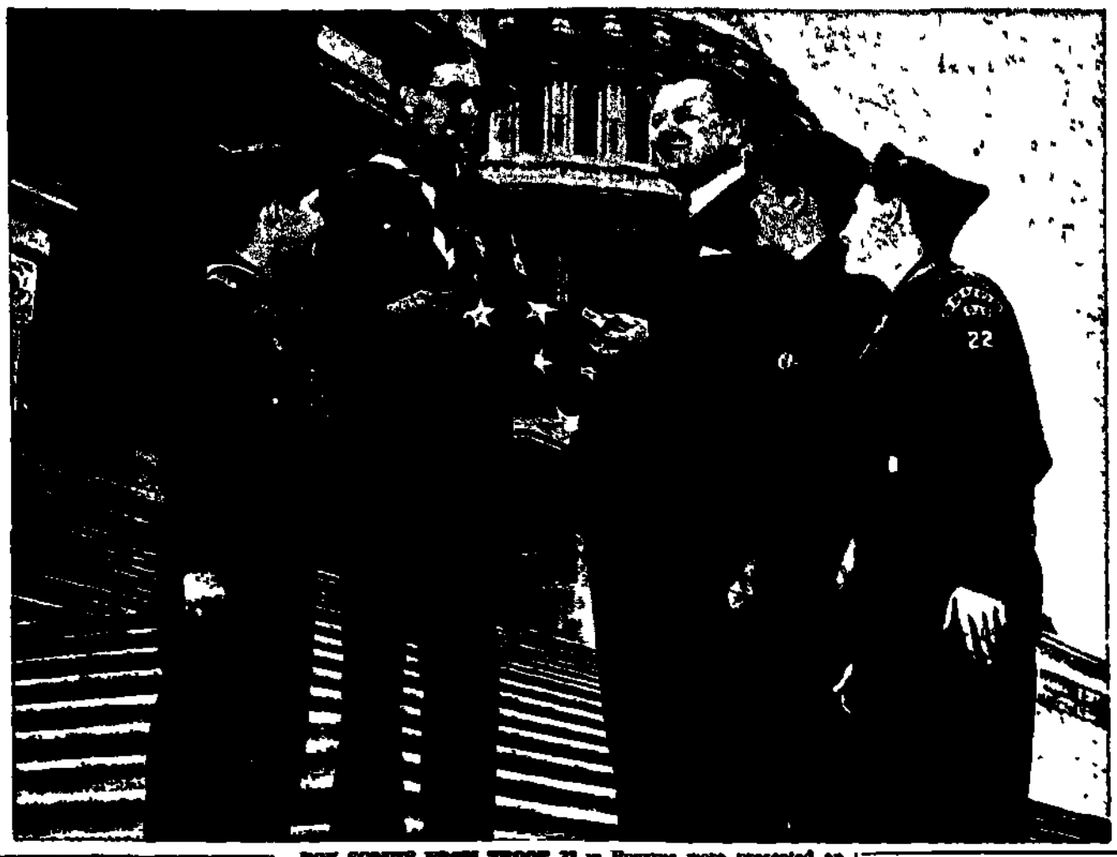
Those killed were W. A. Gibson 56, manager of the estate, and P. Gregoiere, 39, an official of the Colonial and Federal Building Society.

The guerrillas opened fire as the Britons drove along a road 25 miles from Singapore. Police fire finally drove off the Reds.

KILLED BY BULLET

CLEVELAND (AP) — Police said bricklayer William Holley, 32, pulling a revolver to back up an argument in a barbershop yesterday, was killed when he dropped the gun on the floor and it discharged. The bullet hit his stomach.

Flag Over Capitol Given to Bucyrus Scout Troop



BOY SCOUTS FROM TROOP 22 in Bucyrus were presented an American flag by Rep. George H. Bender of Cleveland when they visited Washington last week.

Here Bender is shown presenting the flag, which once flew over the Capitol Building, to Scoutmaster Ed Koch. Other Scouts in the picture are Billy Flock (left) and John Ehrhart and Sammy Koch (right).

Some 50 members of the Bucyrus troop made the three-day trip to Washington after raising $2,000 through group projects. While in Washington, the Scouts presented souvenirs of Crawford County business firms to top government officials.

The troop is sponsored by the Bucyrus Lions Club.

Grieving Woman Believed Drowned

NEWPORT, Ky., (AP)—Mrs. Joan Baird 29, whose husband accidentally drowned when a motorboat overturned in the Ohio River last April, threw herself into the river at approximately the same spot last night and was presumed drowned.

She jumped from the second deck of the Harrison boat harbor, Dayton, Ky., the operator of the harbor, Mrs. Madge Harrison, said.

Friends said Mrs. Baird, whose last known address was in Newport, had threatened suicide several times.

DIES IN SPRINGFIELD

SPRINGFIELD, Ohio (AP) — Funeral services will be held here Tuesday for Dr. Harmon E. Blott, 89, former Mahoning County Coroner. He died Saturday at his home. He was the last surviving member of the class of 1888 at Western Reserve University Medical College.

In the Service

Navy Lt. Cyrus A. Rank, son of Mr. and Mrs. C. H. Rank of McCutchenville, O., recently reported to the U. S. Naval Air Station at Corpus Christi, Tex., to take over the duties of the training material officer.

Lt. C. A. Rank

A Navy pilot, he reported from San Diego where he was assigned after serving on the aircraft carrier USS Philippine Sea in Korean waters. Flying fighters, Lt. Rank has earned seven Air Medals.

He entered the Naval Reserve in December, 1942, and received his commission and Navy aviator's diploma in February, 1945. He was recalled to active duty at the outbreak of the Korean action. Husband of the former Miss Marjorie Harper, Lt. and Mrs. Rank have one daughter and are making their home in Corpus Christi.

STABBED IN FIGHT

COLUMBUS, Ohio (AP) — Two youths were stabbed here yesterday in a savage street fight between two teen-age gangs. Police said the fight started when about 12 boys passed another crowd and made remarks about the girls in the company. One youth, 17, was slashed three times across the stomach. A 16-year-old boy was stabbed in the left side. Investigators said broken bottles and knives were used in the fight. Both victims were reported in good condition.

John Jacob Astor Receives Divorce

EL PASO, Tex. (AP)—John Jacob Astor, worth a fortune in Manhattan real estate, has received an uncontested Mexican divorce from his second wife.

The divorce was granted by proxy over the weekend in Juarez just across the Rio Grande from here. Grounds were listed as incompatability of character.

Their daughter, Mary Jacqueline, 5, will remain with her mother, the former Gertrude Gretsch.

An Astor spokesman in New York said Astor pledged adequate provision for maintenance of the daughter.

Coach Augie Galan of the Philadelphia Athletics played 154 games in 1935 for the Chicago Cubs without hitting into a double play. This is a major league record.

VFW To Hear Rhee

PHILADELPHIA (AP) — President Syngman Rhee of Korea will share the rostrum with Francis Cardinal Spellman at the opening of the Veterans of Foreign Wars National Encampment here Aug. 1.

Rhee will speak at a memorial service honoring America's war dead.

N.Y. Stock Quotations

NEW YORK (AP)—Aircrafts jumped ahead today in the stock market on the heels of news of the fight between American and Chinese warplanes.

The immediate advance in the aircrafts had no reflection in the remainder of the market which in the early afternoon sagged rather quietly.

Steels were under some selling pressure following their buoyancy last week on merger rumors.

Gains, which were mostly in the aircrafts, went to around 2 points. Losses, shown mainly in steels and oils, extended to between 1 and 2 points.

Lower stocks included Follansbee Steel, U. S. Steel, Youngstown Sheet & Tube, Lukens Steel, Radio Corp., American Telephone, Anaconda Copper, Du Pont, Westinghouse Electric, Grace & Co., New York Central, Royal Dutch Petroleum, Cities Service, and Amerada Petroleum.

Higher were Boeing, Douglas, United Aircraft, North American Aviation, Goodyear, American Tobacco, Liggett & Myers and Reynolds Tobacco "B".

Railroad Officials, Local Firm Study Tie Treating Plans

A group of railroad representatives met Friday with officials of the Baker Wood Preserving Company for conducting tests on various methods of seasoning crossties.

Representatives of the Chesapeake and Ohio, Erie, Nickel Plate, and New York Central Railroads from Toledo, Cleveland, New York and Washington were in Marion for the tests.

D. B. Frampton of Columbus, president of the preserving company, addressed the group. The technical information on this subject will be compiled by R. C. Cranch, technologist of the Timber Engineering Company wood products laboratory of Washington.

The tests were conducted with the cooperation of R. R. Poux of Marion, treatment inspector of the Erie Railroad.

A luncheon was held at Hotel Harding and the working sessions were conducted at the plant. Clyde English of Marion, vice president of the company, was in charge of arrangements.

WOMAN FINED $25

A fine of $25 and costs was levied in Municipal Court today against Freda Dempster, who gave no home address. She was arrested on Canby Court at 5:57 p.m. Sunday and charged with disorderly conduct.

Livestock Prices

Grain Quotations

CHICAGO (AP) — Grains opened firm in quite active dealings on the Board of Trade today. Soybeans led the advance with gains extending to 10 cents, the daily limit.

Wheat started ⅛ to 1⅜ higher, September $2.11, corn ¾ to 2¼ higher, September $1.60¾-1.61, oats ⅞ to 2 cents hifher, September 73⅝ and soybeans 4 to 10 cents higher, September $3.07-3.12¼.

Fire Alarm Answered

Marion city firemen answered one fire alarm over the weekend.

The fire run was to Whitmore St. at the rear of the Windsor apartments at 12:05 p.m. Sunday. Central station firemen who answered the alarm said some boys playing with matches had set some grass on fire. Neighbors had the blaze extinguished before they arrived. There was no loss.

Man Given Workhouse Sentence and $125 Fine

A Marion man was sentenced to 30 days in the Columbus workhouse and fined a total of $125 and costs when he pleaded guilty in Municipal Court this morning to three charges of intoxication, resisting arrest and threatening to assault.

Walter Allen, 48, of 262 Senate St. was arrested at 1 p.m. Saturday on Hocking St. a few minutes after he allegedly threatened another man at Scioto and Center Sts. with an iron bar.

Police reported they were called to the residence of Lowell Craft at Scioto and Center Sts. at 12:23 p.m. Saturday and were told that Allen had threatened to assault Craft with an iron bar, then had run off.

Police later located Allen in a Hocking St. bar. They said Allen again ran away when he saw them and they caught him on Hocking St.

Youth Held in Theft

An 11-year-old Marion boy is being held in the Detention Home today waiting appearance in Juvenile Court. Police took the boy into custody at 6:30 p.m. Saturday after receiving a report the boy was trying to sell a .25 caliber pistol.

Investigation revelaed the gun had been stolen from the Vance Sporting Goods Store on E. Center St.

Cooking School Put Off

A cooking demonstration scheduled Wednesday through Monday at Montgomery Ward Co. in Marion has been postponed until a later date because the instructor was injured in an accident over the weekend.

Officials at the store said the demonstration would be given on dates to be announced later.

IT WILL PAY YOU TO INVESTIGATE OUR VACATION INSPECTION SERVICE. WE WILL CHECK YOUR HOME DAILY, PICK UP YOUR MAIL, PAPERS ETC. CHECK FOR LEAKS, UNLOCKED DOORS OR WINDOWS, WATCH FOR VANDALISM—JUST ANOTHER SERVICE OF OUR REAL ESTATE DEPT. CALL FOR FULL INFORMATION.

FOR YOUR INSPECTION — A beautiful home in a fine section of Marion, South. Three lovely bedrooms, a new bath, knotty pine sleeping porch and four closets up. A beautiful large living room with wood-burning fireplace, a very appealing dining room with built-in window seat, both covered with the finest carpet. Then a woman's delight in kitchen and breakfast room appointments, finished with knotty pine walls and birch cupboards, and a nice ironing room off the kitchen. I give up—words cannot describe the beauty of this home—but believe this—if you are looking for a home under $14,000 by all means look at this before you buy.

HERE'S ANOTHER BEAUTY—Three miles out of town on two acres and hard-top road. A beautiful ranch home, with double garage attached. Owner must move to town and will trade for similar home in town or will sell. Looks like a $16,000 home but is priced much less. Let us show you this.

142½ ACRES productive level land, eight room home, large hennery, barn, tool shed, orchard, nice shady setting on a black top road. Move right in. $8,000. S. Maceyko, broker, Cardington, O.

136x212 L

The Marion Star, published daily (evening) at 143 N. State St., Marion, O. Entered as second class matter May 4, 1888, at the postoffice at Marion, O.

FIGHTING DOGS PUT ON GLOVES. Patricia Watkins, 12, said to be the world's youngest professional dog trainer, referees a match between two of her battling lightweights, "Suzie" and "Poodles," at the Steel Pier in Atlantic City, N.J. "Suzie," at left, is throwing a haymaker at her opponent.

Crack Fighter Outfit To Get New Sabrejets

TOKYO (AP)—The sharpshooting 51st Fighter Interceptor Wing, whose Sabre Jets ran up an impressive record of MIG kills during the Korean War, is being moved to Okinawa from Korea next week to be re-equipped with rocket-firing Sabres.

Gen. Earle Partridge, Far East Air Force commander, announced here today the move will strengthen rather than weaken air defense of South Korea.

Armistice terms prevent United Nations forces from introducing new combat materiel into Korea. Hence outmoded air groups are withdrawn to areas outside Korea for modernization.

The 51st is the third air wing of the U. S. 5th Air Force to be pulled out for modernization.

During the U.S. Civil War, Wilmer McLean owned the farm on which much of the first and second battles of Bull Run were fought, then he bought a brick house near Appomattox Court House, Va., where peace was signed.

Novel Method Employed

Marionite Helps Develop New Georgia Art Course

Erwin Breithaupt, assistant professor of art at the University of Georgia and a native of Marion, has been a moving force in the organization of a new method of teaching art at the university which is receiving national attention this summer.

An exhibit illustrating the new teaching method, in which students receive their first instruction in the dark, is now on display in the 10th anniversary Good Design Exhibition at the Merchandise Mart in Chicago.

—:—

THE EXHIBIT, one of eight from American colleges and universities included in the Chicago exhibition, will remain at the Merchandise Mart until the fall when it will be put on display at the Museum of Modern Art in New York.

The new teaching method, worked out by Breithaupt and other members of the art faculty, starts students working in the dark and presents drawing, painting, modelling, and art theory as a unified activity. Gradually students are taught to work in red light and later in full light. The course is designed to teach the beginning art student to feel, see, and think and to discern art in everything about him.

The course, planned for freshman, consists of four laboratory periods and one lecture a week.

—:—

THE "GOOD DESIGN" exhibit illustrating the course was prepared by Breithaupt, Harold Wescott, and Vincent Dieball, all members of the art faculty. Shaped roughly like an elongated three-leaf clover, it uses photographs, film strips, clay models, wood carvings, blinking lights and peep holes to convey the work of the freshman art class to the viewer.

Breithaupt is the son of Mr. and Mrs. E. M. Breithaupt, 327 Marion Ave.

Tibet Flood Death Toll Reported in Thousands

NEW DELHI, India (AP)—Reports from the India-Tibet border say more than 1,000 persons died in the floods which swept the Tibetan trade center of Gyantse last week.

One report from Kalimpong, the north Indian trade center linked to Gyantse by a Himalayan road, said the death toll may reach 1,800 in the south Tibetan town of 25,000 inhabitants.

Information received here indicated the swollen Namchung River, which flooded Gyantse, now is subsiding.

VACATION

Travel Insurance

Only $5.20 buys a policy which will pay up to $500 medical reimbursement and $5,000 in case of death due to accidents while on a 30-day vacation.

Policy can be written from 3 days to 180 days, covering ages from five and up.

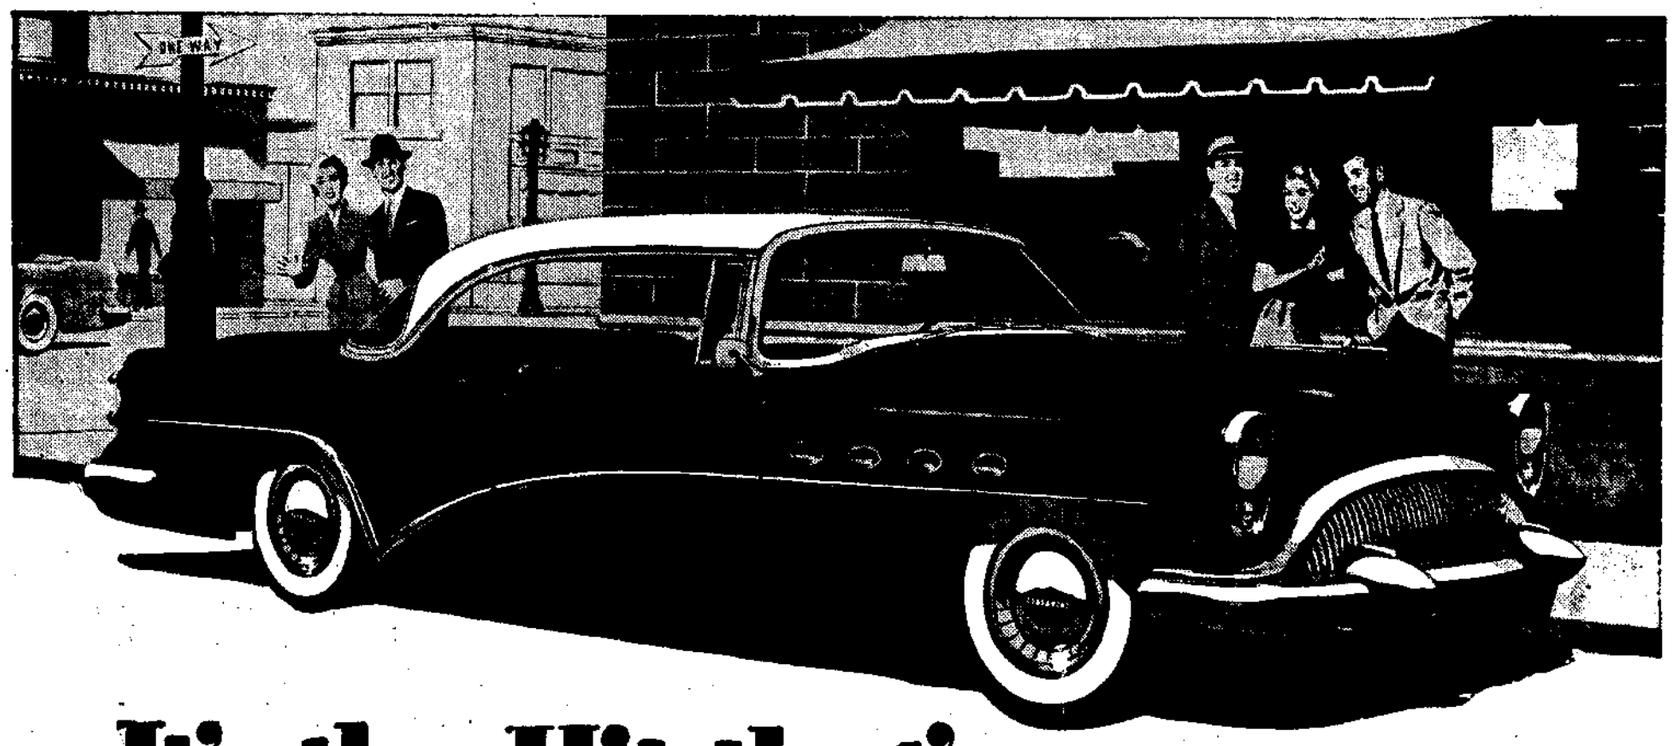
ASSORTED COLORS and FIGURES

KRESGE'S

TWO MARION STORES



It's the Hit that's writing New History

TAKE a look, if you please, at the car and the styling that are changing historic sales standings.

Take a look at the beauty and the buy called Buick—the car that is forging ahead to new sales heights in the 1954 market.

Take a look at the new best seller that has moved into the "Big Three" of the nation's top sales leaders—into that very exclusive circle that for two decades has held only the so-called "low-price three."

For today, as national sales figures for the first five months reveal, Buick is outselling *all* other cars except *two* of these "low-price three." *And each month firms Buick's new position.*

It takes solid worth to bring this about—a lot more automobile per dollar in Buick than in other cars.

But it also takes the glamorous new tomorrow styling that is Buick today. It takes the highest V8 horsepowers, Series for Series, in all Buick history. It takes the room and comfort and ride and handling that are Buick's proud tradition.

And it takes a range of cars to satisfy a wide range of people—with prices that most people can well afford. So you find the low-priced SPECIAL, the high-powered CENTURY, the extra-spacious SUPER, and the custom-built ROADMASTER—the four big reasons for Buick's tremendous sales success.

Come in for a demonstration and you'll see what we mean.

With the years-away styling of this glamor car, you'll be way ahead at resale time. And right now you're money ahead with the big trade-in allowance our volume sales can bring you. Drop in this week.

TAKE THE HEAT OUT OF SUMMER DRIVING WITH BUICK'S draft-free AIRCONDITIONER

Just like the air conditioning in a home or office—Buick's automatic Airconditioner keeps you cool on hot days. Four individually controlled ducts bring in a gentle flow of cooled, filtered air with no drafts or chilling blasts. Air is freer of dust and pollen—and completely changed every few minutes. Come in, or phone us today, for a free demonstration of the Buick AIRCONDITIONER—available at extra cost on all 4-door Sedans and on the SUPER and ROADMASTER Rivieras.

Buick Sales are Soaring!

New Source of Protein, Fats Being Considered

SAN FRANCISCO (UP)—Southern California rooftops and seashores may become a new agricultural area, producing cheap and abundant proteins and fats.

A research project at the University of California is centering on a tiny plant known as chlorella which is similar to green scum in pools of water. From sunshine, water, and minuscule amounts of chemicals, the plants are capable of producing pounds of fats and protein a day.

Best location for growing, scientists say, is on Southern California rooftops where sunlight and sea water are ideal. Initially the chlorella might supplement cattle feed, but direct consumption by humans will have to wait until the right recipe comes along.

The University of Michigan develops a mechanical brain which shoots craps, plays pool and can curse. If it also borrows money, what we obviously have here is the electronic brother-in-law.

Dial Telephone Service Set To Begin in Carey

CAREY—Carey is to have dial telephone service beginning July 31. Equipment engineers from the Automatic Electric Co. are now testing the new equipment to have everything in readiness for the event. Thousands of connections must be made and soldered to complete the installation of the new automatic telephone system.

T. H. Malesh, district manager at Carey, states that additional help has been assigned to his exchange to expedite the necessary work which must be completed before the conversion to dial service can be accomplished. Five cable splicing teams are working on the new cable plant at Carey. New directories are being printed and will be mailed to all subscribers before the conversion date. All subscribers will have new numbers of 5 digits.

Officials of the telephone company also stated that an open house will be held in the near future in order that all interested may have the opportunity to view the telephone exchange at its new home on N. Vance St.

Sid Luckman of the Chicago Bears completed seven touchdown passes in a 1943 game against the Giants for a National Football League record.

PREFERS BEARDS TO BOWS. Mara Betteili, 20, lathers a customer in her barber shop at Modena, Italy, after refusing movie offers in wake of victory in a beauty contest.

Bucyrus Church Gets New Assistant Pastor

BUCYRUS — Bucyrus Good Hope Lutheran Church is getting an assistant to its pastor, church officials announced today.

Richard Graves, who is a student of theology at Capital University in Columbus, is taking over the duties of assistant to Rev. E. J. Katterhenrich. He has completed four years of college and two years of seminary study. After completion of a year's internship at the Bucyrus church, he will return to Capital for one additional year's study.

At the present, Mr. and Mrs. Graves and their two children are residing on a farm near Milford Center. His ambition is to start and operate a boy's farm for youths with environmental problems.

DIES AT PORT CLINTON

PORT CLINTON, Ohio (AP) — Donald L. Bullenen, Ottawa County treasurer since 1941, died of a heart attack Saturday night at his summer cottage near here. He was 55. Funeral services will be held Wednesday.

Noted Persons Taken by Death

By The Associated Press

CARMEL, Calif. — Mary M. Bartelme, 88, first woman judge in Illinois who became known as "Suitcase Mary while serving her Juvenile Court assignment for her gifts of suitcases full of clothing to delinquent girls who were placed in Chicago homes Miss Bartelme bought for that purpose. Born in Chicago. Died Sunday.

—:—

DENVER — William MacLeod Raine, 83, dean of cowboy authors and educator. Born in London. Died Sunday.

—:—

POMONA, Calif. — Dr. Albert Cassel Wieand, 83, retired religious educator and writer. Born in Wadsworth, Ohio. Died Saturday.

—:—

BAYSHORE, N.Y. — Effie Shannon, 87, whose stage career spanned a debut at the age of 3 as flower girl in "Coriolanus to one of the politely murderous aunts in "Arsenic and Old Lace." Born in Cambridge, Mass. Died Saturday.

—:—

NEW YORK — Leslie H. Conklin, 54, sportswriter and editor for the International News Service for more than 30 years. Died Saturday.

—:—

PLAINFIELD, N.J.—Mrs. Elizabeth Hubbard, 62, retired educator and author. Born in Evansville, Ill. Died Friday.

Patrol, Public Lauded After Safe Weekend

By The Associated Press

Only two traffic deaths were reported from Friday night through Sunday as Ohioans played and worked through one of the safest weekends on record this year.

Col. George Mingle, State Highway Patrol superintendent, said the average weekend traffic toll is about 10 deaths. He credited better traffic enforcement by the patrol and increased cooperation from the driving public for the relatively small number of fatal traffic accidents the past weekend.

Col Mingle said he believed it was the safest weekend trafficwise, so far this year.

In other accidental deaths, a Cleveland man died from a gunshot wound after a revolver he pulled during a barbershop argument fell to the floor and discharged. A fall from a roof killed a 79-year-old Portsmouth man. A parked car rolled to drown a 1-year-old boy into the Auglaize River, then pinned the boy under it in the river.

The toll by days:

Friday Night

None.

SATURDAY

Donald Holycross, 29, of Garfield Heights, in a car-train collision 10 miles southeast of Chardon.

Diana Stewart, 5, hit by a car while crossing a Portsmouth street.

H. Edward Mead, 79, a Portsmouth, in a fall from a house roof.

Sunday

Donald O. Horg, 1, of Grover Hill, Paulding County, when parked car coasted forward, knocked him into the Auglaize River and settled on him.

William Holley, 32, Cleveland, when a revolver he dropped during an argument discharged.

KEEPING IN TOUCH. Beverly Putnam, 32, meets an elephant in New York's Bronx Zoo after organizing an all-girl elephant girl safari to Africa, similar to one she made in 1953.

Apology

(Continued From Page 1)

The Dulles protest plus the movement of the carriers into Chinese waters was regarded in Washington as a show of strength to impress upon the Reds the gravity of the situation.

The Peiping broadcast said the Red Chinese government "expresses its regret at this accidental and unfortunate incident of the British transport aircraft and has taken appropriate measures in dealing with it.

"It extends its sympathy, concern and condolences to the dead and injured in this incident and to their relatives. It is willing to give consideraton to the payment of appropriate benefit and compensation for the loss of life and property damage involved."

The broadcast denounced Nationalist China and said Red fighters identified the British transport as "an aircraft of the Chiang Kai-shek gang."

"While carrying out patrol duty over Port Yulin of Hainan Island," the broadcast said, the fighters spotted the airliner "and fighting took place."

"Upon receiving this report, the government of the People's Republic of China undertook an investigation through various channels which revealed that the transport involved was actually a British-owned transport aircraft whose sinking (was) by our patrol aircraft as an aircraft of the Kuomintang (Chinese Nationalist) gang on a mission to raid our military base at Port Yulin," Peiping's note said.

The rescue of survivors was carried out by a United States SA16 Albatross amphibious plane under the very noses of the Reds. It flew from Clark Field, near Manila. The pilot, Capt. Jack I. Woodward, said the Reds seemed intent on killing all aboard the British plane.

"It seemed to me they were trying to make darn sure there would be no survivors," he said in an interview after he returned to Clark Field.

The rescuers set their plane down in the protection of a small island about 2½ miles from where the survivors were huddled on a small raft. Seas were running high. The Albatross tossed lines to the people on the raft.

"The survivors were dazed," Woodyard said. "They just didn't say anything as they were helped aboard. The little girl cried a bit but that was all. They were in a state of shock. They appeared unable to comprehend what was happening." The little girl is 6-year-old Valeria Parish of Iowa Park, Tex. Her mother, Mrs. Leonard L. Parish, suffered a broken collar bone.

Radio operator Lawrence Rodriguez, 20, of Carpinteria, Calif., said, "It was worth my whole career to pull that little girl out."

Officers at Clark Field said the rescue was one of the most outstanding in Air Force history. While the Albatross was en route, the plane received a message that the Chinese Reds at Canton had warned military aircraft to stay away from the scene.

Woodyard kept right on going. He said, however, he didn't know the Reds had said "any military aircraft approaching the area would be shot down."

French

(Continued From Page 1)

the United States participating and Red China sending observers.

At the Berlin conference last January Molotov first broached such a plan. He talked then about a 32-nation, all-European system embracing Communist and non-Communist countries alike. He frankly acknowledge that its purpose was to kill off the American-backed EDC project. U.S. officials were cold to the idea then.

Dulles told a news conference Friday that European security was one of many issues on which there was no point in holding a new conference because, he said, the world still lacked any effort of good faith in negotiation on the part of the Reds.

French Reaction Awaited

But the problem is not primarily what the United States does about the propositon, which officials here regard as ridiculous. The problem is what French political leaders are going to do about it.

France is the critical point now because if it does not ratify EDC within a few weeks the United States and Britain will begin pressing other means to give West Germany full independence and get it rearmed. This, coupled with denials of American aid in the absence of EDC, could create a critical new split in Western ranks.

The Soviets are trying to play on French fears of a rearmed Germany and a new war by holding out hopes of an alternative security system which would bring Eastern Europe together into one system. The major question is whether this will catch hold in France now.

ACROSS THE COUNTER

You'd probably be as excited as Tom Green was the other day when he visited our office. He was going to have two weeks of fun—a vacation camping out.

Earl J. Andrews

"Believe me," Tom said, "I want to leave all my worries behind me. That's why I've made out a check list of the things I have to do before leaving."

I glanced at the list in his hand. It read something like this: "Drop note to milkman and paper boys, shut off water, lock all doors and windows, grease car, pick up sleeping bags, *check insurance.*"

"Everything else is done," Tom said, "I just want to know our insurance is ample before I leave." A review of his policies showed he had good coverage, adequate fire and extended coverage on his house and contents, and a Personal Effects Floater (that covers the things he might take with him against loss of nearly any kind).

"A burglary and theft policy on the remaining contents of your home is the main gap," I said.

"Write a policy," Tom replied, "to plug the gap."

Incidentally, Tom's check list is an idea you might like to follow.

Visit our office before your vacation. We'll be glad to check your insurance, free of charge. You'll enjoy the trip more if you do.

State Troopers Break Up Cock Fight, Nab 103

FULTON, N. Y.—State troopers arrested 103 persons at a cock fight in a densely wooded area near this central New York city yesterday.

Dr. Robert P. Williams, 52, of Rutland, Vt., suffered a fatal heart attack at the scene. Police said he was among the spectators.

Police said 108 birds were confiscated.

Police Join Search For Missing Girl

Marion police Sunday joined in a search for a missing 17-year-old Union County girl.

The girl, Patti Anne McEldowney, was reported missing from her home in Summerville since Saturday. Police here were asked for assistance by the Union County Sheriff's Department Sunday evening.

The girl is described as five feet, four inches tall, 110 pounds, with blue eyes and brown hair.

'Worst Disaster Since China'

Adlai Attacks Indochina Truce in Alaska Speech

ANCHORAGE, Alaska (AP)—Adlai Stevenson, breaking a five-day silence on the Indochina peace settlement signed in Geneva last week, yesterday charged that right-wing Republicans have "successfully identified negotiation with appeasement."

In his first and only major speech on an Alaska vacation, the unsuccessful Democratic standard bearer in the 1952 presidential campaign said of the Indochina settlement:

"This is the sorry sequel of all the foolish, boastful Republican talk about liberation of the enslaved nations, about unleashing Chiang-Kai-shek, seizing the initiative, a new look on foreign policy, no more little wars as in Korea, and, finally, that threatening talk by the secretary of state and the vice president about massive atomic retaliation which scared our Allies half to death, if not our enemies.

Not Prepared To Fight

"All these bold words and ringing slogans of the past two years sound a little hollow now. The 'new look' collapsed at the first test. The administration was not prepared to fight, nor could it negotiate, because the right-wing-Republicans have successfully identified negotiation with appeasement.

"Unable to fight, unable to negotiate, unable even to speak with a coherent tongue, U.S. foreign policy defaulted and France salvaged what she could out of the endless, weary war in Indochina."

Not only did the Communists add valuable and strategic area to their domain, Stevenson said, but they threw the Western Allies "into confusion and dissension. Russia's greatest goal and dearest dream."

The former governor of Illinois said the Indochina settlement, which calls for the partition of Viet Nam into Communist and pro-Western halves, ended the shooting but Communist China "has staked out another menacing salient into free Asia and enveloped 13 million people."

Worst Since Loss of China

"In Indochina," Stevenson said, "the West suffered its worst disaster since the loss of China."

The blame, "the original sin," for the "misfortune" in Indochina rests with France, Stevenson said.

Noting that England and Holland, at the conclusion of World War II, granted independence to many of their Asian possessions and by so doing prevented Nationalist uprising which the Communists would exploit, Stevenson said,

"Had France done likewise and granted genuine independence in orderly, sincere stages to Viet Nam there very likely would have been no war in Indochina."

But he said the "blame for the collapse of our policy in Asia remains our responsibility."

"And, he warned, "we shall fail again and again unless we profit from this experience."

The light from an atomic bomb can cause eyeballs to explode, four Air Force dotors report, but has science accomplished anything here that Marilyn Monroe couldn't?

First Aid Classes Will Begin Aug. 2

A class in standard first aid will begin Monday night, Aug. 2, in the rooms of the Ohio Fuel Gas Co., it was announced today by Walter L. Baker, chairman of the first aid program of the Marion County Chapter of the American Red Cross.

Instructors for the 18-hour course will be Mrs. Carole Moore and John Langmaid. The course also include a four-hour supplement on civil defense.

The course will be followed by the advanced first aid course of 12 hours.

Objective of the course is to learn essential skills for emergency care of the injured until medical help arrives, and the study of accident causes and effects to increase personal safety awareness.

Persons interested in taking the course, which is free, are asked to call the chapter office, 2-1653 to enroll.

THUGS GET $1,500

CLEVELAND (AP)—Two masked thugs entered the home of Morris Kritzer, an East Side cafe owner, yeterday and robbed him of about $1,500 in cash and checks., Kritzer told police. Kritzer said the gunmen took his wallet and bound him with curtains torn from his bedroom windows. He said the money represented the Saturday night receipts from the Kinsman Grill, which he owns.

Union Church Camp To Open

Annual Meeting Will Begin Thursday Night

Opening services at Camp Union, annual camp meeting in Union County, will be Thursday night in the tabernable on the camp grounds located on Route 739 between York Center and Byhalia. Workers from Kentucky, New York, and Cleveland, O., will take part in the program which will continue through Aug. 8. Services each day will be at 10 a.m., and 2 p.m. and 8, and an added feature this year is young people's services in the new Youth Tabernacle each morning at 10. Thursday, Aug. 5, will be Missionary Day.

In preparation for opening of the camp, Monday and Tuesday were set as "clean-up" days, and a community prayer meeting in the main tabernacle will be Tuesday at 8 p.m.

Rev. John Paul of Louisville, Ky., and Rev. Ora Lovell, dean of Cleveland Bible College, will be the evangelists, and Mr. and Mrs. Loren Brecheisen of Binghamton, N.Y., will conduct song services and be in charge of special music. Rev. and Mrs. E. A. Lockwood of Mount Sterling, Ky., are the young people's workers. Featured on Missionary Day will be Mark Diavastes of Greece, representative of the Oriental Missionary Society, and Miss Ella Ruth Pratt from India, representative of the National Holiness Missionary Society. A picnic basket dinner will be served that day. Meals and lodging facilities will be available on the camp grounds. J Charles Cramer of Peoria, O., is in charge of publicity.

Bloodmobile Schedules Visit in Carey in August

CAREY—One hundred and fifty prospective blood donors will be required to meet Carey's quota when the Red Cross bloodmobile unit makes its next visit here Wednesday, Aug. 4. Mrs. Ruby Criger is the general chairman. Headquarters will be in First Methodist Church basement and donors will be accepted from 9 a.m. to 3 p.m.

Among those she has secured to assist are chairman of the day, Mrs. Hugh Hayman; dining room, Mrs. W. L. Stombaugh; kitchen, Mrs. C. H. Baker; publicity, Mrs. H. H. Miller, W. E. Zumbach; and the Boy Scouts of Troop 13 will distribute posters.

Members of the Carey Soroptimist Club will try to contact all prospective donors and present registration cards for their convenience. Blood donors should be between 21 and 65 years of age, in good health, and should not have given a transfusion within the past 3 months.

Through participation in the Red Cross blood program, Wyandot County residents have blood available at Memorial Hospital.

RETURNS FROM SCHOOL

BUCYRUS — Charles E. Bauer, co-proprietor of the Crawford Lanes Bowling Alleys here, has returned from Chicago where he attended the Brunswick - Balke-Collender Co. school for bowling alley proprietors. The sessions were held over a nine-day period and covered all phases of maintenance and operation of a modern bowling center, Bauer said.

Bucyrus Boy, Girl Reign at Olympics

BUCYRUS —Ten-year-old Connie Shingledecker and Ralph Sulser, 11, reigned as queen and king at the third annual Bucyrus Playground's Junior Olympics held Friday afternoon at Aumiller Park. Connie was a contestant from Crawford Playground and Ralph represented Harmon Playground.

The queen is the daughter of Mr. and Mrs. Robert Shingledecker and young Sulser is the son of Mr. and Mrs. Sherman L. Sulser. Connie's sister, Susie, was queen of the Junior Olympics held last year. There was no king chosen last year.

Judges for the contest were Mrs. Calvin Beeson, Mrs. Richard Frantz and Mike T. Drew.

Other contestants included Ricky and Sherry Mollencopf, Lulu Masters and Jimmy Maley, all of Kilbourne Playground; Timmy Kanable, Judy and Roberta Wenninger, all of Harmon Playground; and Larry Mollencopf, Stevie Howard and Shirley Chapman, all of Crawford Playground.

BIRTHS REPORTED

GALION — Several birth announcements were received here this week. A daughter was born to Dr. and Mrs. Herbert B. Jacklyn of Central Islip, L. I., at the Bay Shore Hospital. The mother is the former Gloria Saperstein, daughter of Dr. and Mrs. Z. P. Saperstein of Galion. A son was born recently to Mr. and Mrs. Howard Seubert of Columbus. Paternal grandparents are Mr. and Mrs. Philip Seubert of Galion. Mr. and Mrs. Jack Kiefer of Columbus, are the parents of a son born early Friday morning at St. Ann's Hospital, Columbus. The mother is the former Elaine Roop, daughter of Mr. and Mrs. Garth Roop of Galion.

Fire after the 1923 Tokyo earthquake killed an estimated 65,000 people.

Lady Trucker Outdrives Men

Posts Top Score at Contest in Wisconsin

GREEN BAY, Wis. (AP)—A lady trucker who was not an entry drove through the obstacle course and scored more points than any of the men yesterday in the Wisconsin State Truck Driving Contest.

After three men, including one four-time champion were picked as top drivers in a field of 47, someone urged Mrs. Bernice MacDonald, part-owner of a Ripon, Wis., trucking firm, to try out one of the trucks. She piloted the big vehicle through the course and was awarded 330 out of a possible 400 points.

The best effort by the three champions was 328.

The largest fee paid to a referee in modern boxing was $2,500 to George V. Blake for his work in the Young Stribling-Max Schmeling heavyweight championship fight at Cleveland, July 3, 1931.

Looking West

When Syngman Rhee, president of the republic of Korea, comes to Washington, his visit marks the end of one era and the beginning of another.

In the year that is ending, the western world regarded Asia as a continent to be exploited. In the era that is beginning, the western world must regard Asia as a major problem in the international balance of power.

Only a few short years ago, Syngman Rhee was an ineffectual agitator for Korea's independence from Japan. In Washington he was looked on as a pest until it became important to this country to make trouble for Japan in Korea, after Pearl Harbor. Then he became useful.

At the Cairo Conference, Korea was promised independence in due time. This vague promise later was firmed up with a promise of independence as soon as Japan was defeated. Realists warned that Koreans were not ready for independence and would be at the mercy of the Russians who had been permitted to invade the nothern part of the Korean peninsula on the pretext of fighting the Japanese.

But the realists, as usual, were ignored. The United States went through the motions of setting up a Korean army, then pulled out in 1949. As the realists had warned, this was an invitation for the Russians to prepare an invasion, which began on June 25, 1950.

Three years later, after some of the bloodiest fighting in history, an armistice restored the division of Korea as it had been before the United States pulled out in 1949. The republic of Korea is now a protectorate of the United States. If American troops were pulled out again, the Chinese Communists — who have succeeded the Russians as masters of North Korea — presumably would invade South Korea.

The most momentous consequence of the Korean war was the demonstration by China's Communist government that it had become a major military power. The demonstration was repeated in Indochina. And it has been confirmed spectacularly at Geneva, where a combination of Russian and Chinese power has proved strong enough to deal with the best combination of the western world on a little better than even terms.

There can be no international balance of power today without including Asia's new and massive influence.

Stitch in Time

Whatever may prove to be the means of doing it, the United States will have let the Communist conspiracy know long before the meeting of the United Nations General Assembly in September that the fate of the organization is up to the Kremlin.

If it wants to destroy the only pretense it still maintains of being on an even footing with the governments it is trying to overthrow, the Kremlin will press for admittance of Communist China to the United Nations.

That would force the withdrawal of all further American support from the U.N. and force all other U.N. members to align themselves either for or against the United States in a new fabric of treaties and alliances. The United Nations would have no further existence.

There will be no room for doubt left on this point by the time Congress and the State Department have given the Kremlin fair warning of the consequences of trying to bring Communist China into the United Nations at gunpoint. The United States is taking a stitch in time.

The United Nations was to be, after all, something more than another multi-lateral alliance of disillusioned governments. The Charter of the United Nations contains some highly idealistic descriptions of its purposes.

In one place, it says that U.N. members "shall refrain in their international relations from the threat or use of force against the territorial integrity or political independence of any member or state, or in any other manner inconsistent with the purposes of the United Nations."

In another place, it says one of the purposes of the United Nations is "to maintain international peace and security, and to that end: To take effective collective measures for the prevention and removal of threats to the peace and for the supression of acts of aggression or other breaches of the peace, and to bring about by peaceful means, and in conformity with the principles of justice and international law, adjustment or settlement of international disputes or situations which might lead to a breach of the peace."

The presence of the Soviet Union in the United Nations as a charter member has been a mockery of its purposes that has strained American patience to the breaking point.

If the Soviet Union, having betrayed the U.N. from the inside, were to succeed in bringing in a Chinese government branded by the U.N. as an aggressor in a war fought to repel aggression, there would be no sense in prolonging the mockery that the Kremlin has made of the dream of cooperative security.

$87-Billion Road Program

By James Marlow

President's Proposal Involves Huge Outlays

WASHINGTON — President Eisenhower's proposed 50-billion dollar highway program for the next 10 years, huge as it seems, would be only part of the money spent on roads in that time. The total would be over 87 billion.

The 50 billion wouldn't all come out of the U.S. Treasury. Only about half of it would. The states would have to put up the rest. But the proposal was only a gleam in Eisenhower's eye.

It was a suggestion he tossed to the governors at their recent annual meeting in New York State to get thinking started on this countrys road needs. He was guessing at what such a program would cost.

—:—

SOMETIME NEXT YEAR he may be able to offer Congress a specific program after the governments Bureau of Public Roads finishes an estimate, perhaps by February, on what it would cost to build needed new roads and improve existing ones.

The government helps states now under what is called a federal aid system, begun in 1916. The money given by the government must be matched by the states, generally on a 50-50 basis.

Any money used under this aid system, federal and state, must go only into construction of new roads and improvemnt of old ones. Then the states must maintain them. The federal government has to give its approval when any of its money is used.

—:—

ANY ADDITIONAL road building or repairing—that is, on roads outside the aid system — must come out of the pockets of the states, counties, cities and towns.

This year the government is giving the states 575 million dollars. For each of the next two years it will give 875 millions.

The Bureau of Public Roads estimates the federal government, the states, the counties and local communities will spend altogether about 6½ billion dollars a year. That's for construction, maintenance, administration and retirement of debt.

Of that 6½ billion, $3,730,000,000 will be spent on construction alone —new roads, improving existing ones—by the federal government, states, counties and local communities. That would be, if costs didn't go higher than they are now, $37,300,000,000, over the next 10 years.

—:—

WHAT EISENHOWER suggests is that 50 billion dollars be spent over those same 10 years in addition to the $37,300,000,000, or a total of $87,300,000,000 in the next decade for construction.

In this country there are about 3¼ million miles of roads and streets. Of this total, 288,000 miles are local city streets and 2,962,000 miles are rural roads. A rural road is anything outside the jurisdiction of a city.

Of the total rural roads and city streets — 3¼ million miles — the federal aid system includes only 672,000 miles in what are called the primary and secondary systems.

—:—

THE PRIMARY ROADS—218,000 miles in rural areas, 16,000 miles in city streets — are supposed to be roads of major importance. That's a total of 234,000 miles of primary roads.

The secondary roads are of lesser importance, like school bus routes. They total 438,000 miles. The federal aid money is given for building and improving primary and secondary roads.

Of the 234,000 miles of primary roads, the American Assn. of Highway Officials estimates 65 per cent are in need of improvement. About 38,000 miles of those 234,000 miles of primary roads are the interstate network, the main arteries of the nations highway system.

Daily Bible Thought

The seemingly impossible did happen. It will happen again. God is trustworthy. "For now will I break his yoke from off thee, and will burst thy bonds asunder." — Nahum 1:13.

Not a Favorite Joint

By TRUMAN TWILL

With the medical book handy, we want to say a few words about the sacroiliac joint.

Although this is not our favorite joint, it has never been far from our attention since one ill-starred Sunday morning a year ago last March when we grabbed hold of a roll of woven-wire fencing. Something happened in front of our hip pockets that was not pleasant.

For the next six months, the twice-daily routine of pulling on and pulling off socks and shoes was a chore requiring five minutes, a stool to sit on and a stool to hoist ou pedal extremities to a fraction of an inch at a time.

For a month, getting into and out of bed was a two-man project.

Eventually, the agony eased off and had not recurred until a few days ago after a chunk of ice had been lifted out of the trunk of an automobile. This time, fortunately, the misery proved to be minor. It went away after three days. But there's no doubt about—we have sacroiliac trouble.

We have been looking at a picture of the sacroiliac joint to comprehend how anything so obscure could become so prominent when it has been sprained. The sacrum is the bottom bone of the spine. Sacrum means, literally, "sacred one." It is held against the ilium on either side by an arrangement of ligaments. There are, then, two sacroiliac joints—one for each hip. That's plenty.

They slide, it says here in the medical book. When their owner is stupid enough to lift something with his back bent, instead of keeping it straight and bending his legs, instead, they slide too far and go boyyyyyingggggg!

This possibility is an occupational hazard of heavy-lifters. My old man was a professional heavy-lifter. For a period of years he kept the brood in groceries by moving pianos, safes, tombstones and anything else that demanded special savvy about grappling.

He always made his assistants find a new grip if he caught them tugging with their backs bent. He could hold up the front axle of an automobile singlehanded if he could grab it with his back straight, taking all the weight on his legs. Every weight-lifter knows the trick. You lift with legs, not backs.

My old man made a talking point of it and practiced what he preached. In an occupation where it would have been curtains to develop a bad back, he never experienced a twinge of pain. Most of what old-timers suffered when they groaned about pains in their back was sprained sacroiliac joints. Once the sacroiliac has been sprung, it's never as good as it was before.

The wonder of it is, when you look at the contraption, that everybody isn't groaning. Most women don't know any more about lifting than a pig knows about Christmas; many women, consequently, have back trouble. Probably the thing that saves most of us is the fact we are too lazy to try to lift anything heavy enough to damage a sacroiliac joint forced to do more than nature intended it should do.

The medical book gives two views of the situation—anterior and posterior. Any way you look at it, the joint needs a warning signal that will keep the joint proprietor from giving that last fatal tug—the one that makes him walk like he had broken glass in his pockets.

U.S. Diplomacy Gains Despite Setback

By David Barnett

WASHINGTON — American diplomacy has scored significant gains during the past year despite the admitted setback of the Indochina truce.

The improvmeents have been slow, and in mose cases unspectacular, but they have been real.

That is the consensus of State Department experts and other officials in Washington who are acting in the various fields of United States foreign operations. The officials were asked to outline, as frankly as security would permit, the achievements of State Department diplomacy during the past year. This is a summary of their reports:

The unity of the Big Three—the United States, England and France —is firmer now than it was a year ago. The alliance has successfully withstood strenuous attempts by the Communists to break it up by the peace offensive following Stalin's death and at the Berlin and the Geneva conferences.

The North American Treaty Organization has steadily increased in strength and, tied in with the Balkan alliance, now provides some effective power to contain Soviet expansion in Europe.

—:—

REVOLUTION IN GUATEMALA has disposed of the open Red bridgehead in the Western Hemisphere, and the activities of the Communist regime before its overthrow has alerted other South American countries to the fraudulent nature of Red promises.

The "mountain shield" defense, running from Pakistan on the east to Turkey on the west, is developing so successfully it soon will provide security against external invasion of the Middle East from the north.

The United States is making progress at a rate "10 times as fast as a year ago" in convincing countries of southeast Asia of the need for collective security.

Within a month, two important problems in which Americans have been acting as "honest brokers" are expected to be resolved. Jefferson Caffery, U.S. ambassador to Egypt, is expected to get an agreement between the British and the Egyptians on the Suez Canal zone issue. Herbert Hoover Jr., in London, and Ambassador Loy Henderson, in Iran, are expected to break the deadlock over Iranian oil.

—:—

"ENCOURAGING" progress also is being made on the settlement of the Trieste issue. An agreement between Yugoslavia and Italy would clear the way for Italian ratification of the European Defense Community pact.

The Indo chinese truce, though not to American specifications, will have two results that will strengthen the United States' position:

1. It removes the preoccupation of the French with the war and therefore removes one important reason for delaying their ratification of EDC, which is now expected to be ratified by the end of August.

2. Prepares the way for active work by Britain for a Southeast Asia defense treaty. England joined with the United States today in a call for a 12-nation conference about Sept. 1, to write the treaty.

Some of the other bright spots:

Spain—agreement was reached on American use of Spanish bases and other military arrangements. Similar agreements for North African bases were concluded.

West Germany — the declaration of intention to give sovereignty to West Germany if the EDC were not approved further cemented our relations with the free zone and also pushed EDC ratification in France.

Korea—since the armistice one year ago, South Korea has built up its military forces and has made considerable progress on reconstruction of war damage. It is now stronger, relative to North Korea, than it was at the time of the armistice.

Japan—national defense forces have been set up, and the Japanese have adopted the realistic view that they must build up their own defenses.

Thailand — complete cooperation with the United States has been obtained to build up Thailand against Communist conquest.

Formosa — the Chinese Nationalists have a more efficient and better trained striking force—including U.S.-donated destroyers—than they had a year ago. The government is more efficient and the economy more stable.

Latin America—machinery was set up at the Caracas conference early this year to fight communism in 18 countries of this group.

Bolivia — an American grant of wheat and other foodstuffs, plus help in the development of agriculture has saved this tin-producing country from the brink of an economic disaster that could have brought a Communist coup.

Panama—an agreement between the United States and the Republic of Panama is being negotiated that is expected to provide the base for cordial relations for generations.

Costa Rica — an agreement between the United Fruit Company and the Costa Rican government has set a pattern for "fair dealing" and dented the propaganda claim that America is interested only in protecting the profits of U.S. corporations.

Chile — an economic crisis was averted, in part, by American purchases of 100,000 tons of copper.

Arab-Israel area — Arab objections to some economic cooperation with Israel have softened, at least in connection with water needs. The Arab plan, offered as a counterproposal to the American blueprint for dividing the waters of the Jordan, gives some water relief to Israel. This is considered great progress in a section where an Arab has been known to have been shot for selling oranges to the Israelis.

The Result of High Thrift

By MARK DANA

We feel inclined to sing out "Hoot, Mon," in hearty approval of Sydney J. Taylor, a Scotsman marooned among the millions of people in Los Angeles, who can't bear to waste time (or fare) riding idly in a bus.

While a two-way bus passenger during the last three years, in that city where anything can happen and usually does, he has been scribbling in a notebook rather than letting the riding time flit by in fruitless prodigality. As a result, his notebook scribblings have now been published as a book, apparently a philosophical treatise, entitled "The Window Cleaner: A Quiet Book for a Noisy World," and we can hardly waste another minute until we find out his explanations or maybe cures of a world certainly filled with sounds.

One hopes the royalties will amply pay for Author Taylor's pencil stubs and paper, although surely he need not be reminded that even written-on paper is fine to put under a rug for adding thickness and resiliency. Not much can be done with pencils worn down to the eraser ring, of course, although Friend Taylor —zealot as he is for a quiet world—will not moan aloud about a few pencils.

He might dwell on the uncounted (but unpublished) authors who have wooed the literary Muse under far more propitious circumstances of leisure, seat -tability—and quietude—not to mention recording machines and electric typewriters and admiring family members handing them cooling drinks to loosen any dam in the word flow.

This is, of course, a touching object lesson to any would-be authors who lament that they never have time for writing that Great American Novel, or even a fictional yarn for the pulps.

"Pilgrim's Progress" was written in a jail cell, where Runyan at least had quiet and privacy. One might wonder if Taylor did his writing to discourage garrulity by bus seat-mates. This has some adventages over slugging them with a hammer.

Marion County History Brevities

By EDNA S. DUTTON

Cooper Post No. 117, Grand Army of the Republic, was organized Aug. 12, 1881, by Col. A. H. Brown of Toledo. There were at first about 40 members. In the early 1900's the number ranged around 60.

The first officers were: Valentine Lapham, commander; George B. Christian, senior vice commander; T. H. Dickerson, junior vice commander; William Rapp, adjutant; Dr. O. W. Weeks, surgeon; F. R. Salter, quartermaster; John J. Williams, officer of the day; Charles Showers, officer of the guard; Schiller Fogleson, sergeant major; T. J. McMurray, commissary; S. R. Dumble, inspector of the post.

The post was named after two brothers, Bert and Edward Cooper, both of whom lost their lives in the Civil War. Bert Cooper was the first Marion soldier killed in the war.

Target Practice

By BILL VAUGHAN

Herbert Hoover calls for "patience, tolerance and understanding" in world affairs. Excellent advice, except that so many of us are eager to jump all over the other guy if he isn't patient, tolerant and understanding fast enough to suit us.

—:—

By toting a camera case around the house and snapping interesting characters that come to the door, like the mailman and the magazine salesman, the man who is vacationing at home can get a good idea of what it's like to be a tourist.

The Once Over

By H. I. Phillips

Fairy Tale for 1954

It was the moment when Little Red Riding Hood had begun to notice that grandma looked strange. "What big eyes you have!" she exclaimed. "There's room in this world for all kinds of eyes to get on together," said the wolf.

"What big ears you have!" gasped the child.

"That is a typically capitalistic remark," snapped the wolf.

"Grannie, what big teeth you have!" exclaimed LRRH.

"Surely you know what they are for," said the wolf, snapping them.

"No, what are they for" asked the little girl.

"CO-EXISTENCE," roared the wolf, leaping from the bed and making after her

"You're in grandma's nightgown. What are you doing in it" cried little Red RH.

"Don't talk like an Anlo-American bloc," roared the wolf. "There is no reason why grandma and I cannot live side by side in it. There is even room for you, if you are not decadent and opposed to peace, better understandings and freedom from aggression."

"So that's what you call co-existence," cried the girl.

"It's very simple Give up" said the wolf who had stolen a lap on Little Red Riding Hood on the fifth mile around the room.

Here Little Red Riding Hood let out an unearthly scream which brought two woodsmen into the cottage.

"What's going on here" said the first woodsman.

"It's a truce," explained the wolf.

"This doesn't look like a truce to me," said the woodsman, noting that Little Red Riding Hood was running out of breath and that the wolf seemed ready for the kill.

"You just haven't been studying truces lately," sneered the wolf. "If you watched closely you would know we are having one of the nicest truces ever held anywhere."

"He ate my grandmother," cried the girl, now down to her last gallon of gas.

"How about that" demanded the second woodsman.

"Nonsense, even a question such as that makes my constant efforts for better understandings difficult," said the wolf. "Grandma was the aggressor and a foe of world order."

"Do you intend to eat this young woman, too" demanded the first woodsman.

"I must insist that the query is inadmissable under the procedural rules," snapped the wolf.

"A wolf that would eat a grandmother would eat anybody," declared the second woodsman, raising his axe.

"In this action I am not a regular wolf," argued the wolf. "I came in as a VOLUNTEER.

"Let's sit down and reason this out," suggested both woodsmen. Which was where they made their big error. In no time they were surrounded, excoriated, denounced and accused of being imperialist warmongers.

"This can go on forever," said both woodsmen after a while.

"You can tie to that," said Little Red Riding Hood, who had been reading the papers.

Groucho Marx was married to Eden Hartford, the other day. Presumably if she got to the wedding ceremony first she said, "Groucho sent me." And the secret word was obviously "Yes."

There has been a big break in the Indian elephant market . . . The price of an elephant has dropped in half with the current quote something like $299.50 bid, $301 asked. It must be pretty depressing when you have just bought 100 elephants and find they opened this morning off one-eighth. Cause of the bear market in pachyderms is that the Indian maharajahs, now up against comparative hard times, have had to unload their holdings. It was pretty obvious they were not good for the long pull, and who would buy an elephant for the quick turnover.

"The Caine Mutiny" is now a movie and the surprising thing is that Hollywood released it under the title "The Caine Mutiny." A gal and some musical numbers are introduced into the film version, which is all right with us, since our great fear was that in the big typhoon scene Esther Williams would be used.

(Associated Newspapers)

News of Other Years

40 YEARS AGO — Europe's storm cloud blackened as Austrian and Serbian troops were reported ready for battles there.

—:—

20 YEARS AGO — Marion was to be the site of the first state-operated packing plant for distribution of beef to needy families, it was announced by John Abel, county relief director.

Efforts of perspiring Marionites to find relief from the heat wave increased water consumption here on an average of 200,000 gallons a day, it was reported by officials of the Marion Water Co.

Taken to the office of the federal bureau of investigation for questioning in connection with the Dillinger case, James Probasco, 67, a West Side Chicago resident, committed suicide by jumping from a nineteenth floor window.

Col. Webb C. Hayes, 78, last son of the late President Rutherford B. Hayes, died at the Sawyer sanatorium of hardening of the arteries and a chronic kidney ailment.

10 YEARS AGO — U. S. tanks in their first major operation in France smashed a breach four miles deep in the first German defense line west of St. Lo and hammered into a flaming battle with enemy armor in the streets of Marigny.

The southern portion of the historic city of Pisa was battered as German guns stepped up their shelling of the area below the Arno River which was in American hands.

Powerful Allied naval task forces operating 3,000 miles apart had assaulted Palau in the western Pacific and Sabang in the Dutch West Indies, the Japanese radio announced.

Elmer William "Widge" Leffler, 32, seaman, 1st class, U. S. Navy, had been wounded in action in the invasion battle area, a telegram from the Navy Department notified his wife, Mrs. E. W. Leffler of 342 Pearl St.

Clinic To Help Elderly Set Up By Ohio BPW

COLUMBUS, Ohio (AP) — Workers unable to hold full-time jobs will get a boost from the Ohio Federation of Business and Professional Women's Clubs.

The board of directors announced yesterday the formation of a small-business clinic to help retired persons, the chronically ill and housewives market products made at home.

The federation also announced the start of a five-year expansion program to add 90 new clubs and 2,700 new members in the state. Membership now totals 9,569.

Miss Edith Strommer of Bellevue is drive chairman.

The federation said its 1955 convention will be held at Dayton, May 27-29, with Xenia as the host club.

OHIO WOMAN DROWNED

PETERBOROUGH, Ont. (AP) — A motorboat upset in Rice Lake near here yesterday drowning Mrs. H Flowers, 49, of Warren, Ohio. The boat capsized during a sudden hail storm. Two other Warren residents were rescued. They are Anita St. Amand and Mrs. Marshall Adams.

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, *never* take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

When you are temporarily constipated, get *sure* but *gentle* relief—without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. The extract of Senna in Dr. Caldwell's is *one of the finest natural laxatives* known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief of temporary constipation for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

RIGHT ON THE NOSE. Lt. J. M. Brown awaits rescue from the cockpit of his plane after it wound up in this unusual position following a freak takeoff accident at the Naval Air Station at Atlanta, Ga. Lt. Brown was uninjured, but had to sit still until the plane was braced and a stepladder extended to the cockpit.

Indiana Group To Study Setup of Pike Facilities

INDIANAPOLIS (AP)—An Indiana survey commission will visit four major toll road states this week to study filling stations and restaurants along established turnpikes.

The survey will include Ohio, Pennsylvania, New Jersey and New York, and part of the commission may continue into Maine, Connecticut, Massachusets and West Virginia.

A report will guide the Indiana toll road commission in contract specification requirements which will be released soon in conjunction with building the east-west Indiana superhighway across the northern section of the state.

ROLLER SKATING QUEEN

DENVER (AP)—Nancy Blenman, 19-year-old Lake Orion, Mich., beauty, was chosen queen yesterday of the American Amateur Roller Skating Championships.

Contract Deadline Between Goodrich, Union Draws Near

Negotiations continued today in Cincinnati to try to avert a walkout of workers at the B. F. Goodrich Co., as the expiration time of the contract between the company and members of the United Rubber Workers drew near.

Midnight tonight will mark the end of the current contract between the two parties. After that time, the union may call a strike of its workers against the company, which has a hose-making plant near Marion.

Company spokesmen said this morning no new developments had been reported to them from the meetings. The union has given no indication of whether work might continue on a day-to-day basis as it is now in the plants operated by the United States Rubber Co.

Company officials have offered the union a five-cents-an-hour wage increase, but the union is reported to be asking for a seven and one-half cents.

A strike against the Goodyear Tire and Rubber Co. is now in its third week.

Last Monday, the members of the local union voted to authorize the union heads to call a strike at the Goodrich plant here should negotiations fail to produce an agreement. About 150 workers would be affected.

Marion Man on Council Of Infantry Association

A Marion man, Bernard Brooks of 224 Thew Ave. was elected to the executive council of the 63rd Infantry Division Association at a convention held over the weekend in New York, The Associated Press reported today.

Brooks, who works in the advertising department of the Osgood-General Co., served overseas in Germany during World War II. He was a cook while on duty in the United States, but was in the midst of fighting while overseas.

Brooks left for New York Thursday and is expected to return to Marion late tonight.

A great forest fire in Maine and New Brunswick burned over about three million acres in 1825.

Jim Greengress Cincinnati Redlegs' outfielder, played third base and pitched in the minor leagues.

Twin PJ's for Dad, Son

HE-MAN TEAM. Dad and Junior go for informal breakfasts when they have handsome matching pajamas, which Mom can run up on the family sewing machine

Pajamas are surprisingly easy to make if you follow the detailed instructions on a standard pattern and employ the finishing tricks suggested by local sewing center experts

Choose a handsome sturdy striped cotton, which holds up well on wash day and appeals to the male taste After following pattern directions for cutting and sewing, use the cording foot of your machine to stitch the braid trim on collars, cuffs and pockets, your buttonhole attachment will turn out professional, sturdy buttonholes in jig time

It's a smart idea to make the boy's pajamas with wide hems on trousers and cuffs to allow for growth The drawstring waistline on the trousers allows for considerable expansion.

1 Dead, 3 Held After Brawl in Southern Ohio

WEST UNION, Ohio (AP) — An argument over a spilled bottle of beer led to the death of one man over the weekend and the detention of his three companions.

Sheriff Eugene Fullton said he would confer today with the Adams County prosecutor to see what charges, if any, would be filed in connection with the death Saturday night of Earl Barney, 64, of nearby Peebles, the father of six children.

Held without charge for questioning were Donald Burns, 23; his brother Floyd, 17, and Orie Helterbran, 17, all of Peebles and vicinity.

Fullton said the elder Burns and Barney had been drinking beer. The four were riding in Burns' car and when Barney spilled a bottle, the two started quarreling and cursing, the sheriff said.

The official said he was told by the men Barney asked to be let out of the car and then jumped out while the automobile was still in motion.

Barney died of a basal skull fracture, Coroner E. T. Gibboney said. His body bore no injuries except the head wounds and his clothes were not dusty or dirty.

The three were taken by Fullton last night to the scene of the accident near the small community of Locust Grove and then returned to jail.

Ashley Farmer Suffers Broken Leg in Accident

ASHLEY—A farmer suffered a broken left leg Saturday afternoon when he slipped under a moving combine on his farm located on U. S. Route 42, just south of Ashley.

George Rebo, 68, attempted to mount his combine and slipped under the machine. It went over his left leg, fracturing the large bone.

Rebo was taken to the Jane Case Hospital in Delaware in a C. R. Lee Funeral Home ambulance.

Cleveland Girl, 16, Escapes Abductor

CLEVELAND (AP) — Sixteen-year-ond Donna Mae Petterson was watching television yesterday with her mother, when a man rushed into the house with a drawn knife.

He took $30 from an upstairs room and then dragged the girl outside the East Cleveland home and drove off to a lonely spot in Lake County, the suburb's police said.

They quoted the girl as saying she struggled wih him and managed to grab his knife, stab him in the left side, and run away. A motorist picked her up and brought her home.

Police said they arrested Eugene Bagnell, 25, a former roomer in the house, and held him for investigation. They said he admitted abducting the girl and driving her around for two hours. Detectives said he will be charged today.

PAYMENT

SOUTH BEND, Ind. (INS)—Irving Martin found $28 on his front lawn and returned it to Edward Bishop, a mailman who, in turn, gave it back to Martin as final payment for an automobile Bishop bought from Martin.

TOO MUCH FOR COVERED BRIDGE. When two heavy trucks, one hauling a bulldozer, started across the covered bridge near Thomaston, Ga., the span collapsed under the weight. Both drivers escaped injury. Here children scamper across the wreckage which lies in a large creek. A new bridge is under construction about 100 yards downstream.

Vocational Agriculture Classes For Veterans To Start Aug. 16

Discussion of a vocational agriculture training school for Korean War veterans, scheduled to start Aug. 16 at Waldo School, highlighted a Saturday night meeting of the Marion County Board of Education.

D. T. Mills, county superintendent of schools and clerk of the board, reported that 10 men had enrolled for the class, which is the maximum number allowed under the law.

Teacher Employed

James D. McComas of Ft. Gay, W. Va., has been hired to teach the class. The remainder of his time will be spent in teaching vocational agriculture subjects to Waldo High School students.

McComas is a graduate of the University of West Virginia at Morgantown, and for the past three years has taught at the Ft. Gay High School.

School boards of six local school districts in the county system have approved a compulsory immunization program against smallpox and diphtheria, board members learned. The six schools are Grand Prairie, LaRue, Morral, Waldo, Pleasant and Prospect.

Proposal for the immunization of each new entrant to the county schools was made at the June meeting of the county board by Dr. Bret Hurd, Marion County health commissioner, and members of the county health board.

County school board members set up a July 1 meeting of county school executives and local school board presidents at which time it was decided to leave the issue up to the individual local school board members.

General Practice

Up to this time there has been no compulsion about the immunization, but it has been a general practice in the county schools, Mills reported.

Board members gave their approval for the payment of bills amounting to approximately $400 incurred by the Marion Township local school district.

Funds for this district were frozen during recent court action involving disputed school redistricting, and bills must have the approval of the attorneys representing the plaintiff, the Marion Township local school district, and the county board as defendant, as well as the judge.

Reporting on the teacher situation in the county schools, Mills informed the board that about 10 vacancies still existed.

Special Issues Discussed

A brief discussion was held about operating levies and bond issues planned by several local school districts for the November general election.

Among the levies and issues discussed were those of LaRue, which is seeking a $376,000 bond issue for construction of an elementary school building and a vocational agriculture wing; Morral, which is asking for a $110,000 bond issue for improvements and remodeling of its school facilities; Waldo, which is seeking a $59,000 bond issue for construction of an addition to house a vocational-agriculture shop and classrooms; Pleasant, seeking a four-mill operating levy for three years; and Waldo, seeking a three-mill operating levy for one year.

Purchase of five school buses by three local school districts was reported. Claridon and Pleasant each have purchased two as replacements, while Meeker has purchased one bus as an additional one, board members were informed.

All five board members, Ralph Williams, president, W. H. Knowles, Clifton Wenig, O. M. Mills, and Edwin J. Carey, were present for the meeting.

The next meeting was scheduled for Aug. 31. At that time applications of school bus drivers will be considered.

Thorne Death Report Filed By Pathologist

CHICAGO (AP) — Mail order heir Montgomery Ward Thorne died of a lung disease — probably pneumonia, one of the four pathologists assigned to a second post-morem reported yesterday.

The report of the pathologists that the 20-year-old heir to a $2,600,000 fortune died of natural causes will be given this week to Coroner Walter E. McCarron. The medical expert who told this to newsmen is Dr. Otto Saphir of the University of Illinois.

The report probably will end the official inquiry into Thorne's death. His shorts-clad body was found on the bed of his $75-a-month apartment June 19.

Dr. Harry Leon, a coroner's physician, noted puncture marks on the arms and said death was the result of a combination of alcohol, barbiturates and an alkaloid — possibly morphine and possibly administered by someone else.

Dr. Leon's findings were questioned, and the special group of pathologists named to double-check will report Dr. Leon "should have arrived at the right answer 24 hours after the body was found," according to Dr. Saphir.

The panel said the quantities of those substances found in the tissues were too small to cause death.

The magazines are full of tips for home purchasers, and two good ones to remember are that the ranch house should, if possible, be smaller than the lot, and the yard somewhat larger than the power mower.

Emergency Polio Campaign Planned For Ohio in August

Officials of the Ohio State March of Dimes will meet in Cleveland August 7 and 8 to make preparations for an emergency fund raising polio drive to be held Aug. 16 to 31.

Chapter and campaign chairmen from the 88 counties in Ohio will be present to discuss the plans for coping with the financial emergency whih threatened polio patient care in the state.

Some $20,000,000 is needed nationally to carry the foundation through this year. That is the amount by which the January fund drive fell short of its $75,000,000 goal.

At present, many chapters of the organization are operating on credit with some hospitals.

AUTO HUB CAPS STOLEN

Theft of two hub caps from his automobile were reported to the Marion County sheriff's office by Darrell Gamble of 214 Lincoln Ave. The theft occurred sometime Sunday afternoon at the Marion Speedway.
